pickup on Wednesday, May 29, 2019.

ANNUAL THREE-MONTH AVERAGE WATER USAGE AND HOW IT AFFECTS YOUR NEXT MONTH'S SEWER BILL (MAY 2019)

It's that time of year again!!! Your sewer rates will be re-calculated using a report of water usage we receive from the Oklahoma City or Bethany Water Departments. Every year the Oklahoma City Water Department forwards to the City of Warr Acres a three (3) month average consumption of water usage for each residential property for the winter months of December, January and February. These three months are used because they are the months with the least amount of water being used during the year. The City of Warr Acres then takes this three (3) month winter average and figures the next year's sewer rates. This means that your sewer bill from May 2019 to April 2020 could have an increase, decrease, or your rate could remain the same depending on how much water consumption you had during December 2018, January and February 2019. These new rates will be reflected on your May 2019 bill, which will be sent out around the 20th of May.

If your May 2019 bill reflects a substantial increase, it may be because you had a water leak, a toilet or faucet that continually ran during those three (3) winter months. If you had a plumber repair one of these problems during these months, then you can bring in the plumbing repair bill to Warr Acres City Hall. Our utility billing clerk can recalculate your average water usage for a lower sewer rate. But you **MUST** have a plumbing repair invoice indicating the problem occurred during the months stated above in order for your sewer rate to be recalculated.

REPORTING PROBLEMS OR COMPLAINTS

To report a violation or complaint, you may go to the city's web site; <https://www.warracres-ok.gov> home page. Then click "Contact" on the top right of home page. The next screen will be titled "Contact Your City". Listed are the different departments within the city, or if you would like to use our online reporting system choose [CLICK HERE](#) just under title "Contact Your City".
