

## **RESOLUTION NO. 2024-07**

### **CITY OF WATFORD CITY**

#### **AMENDED UTILITY RATES RESOLUTION**

**Resolution No. 2024-01 Adopted 12/04/2023**

**Resolution No. 2024-05 – Amended 02/05/2024**

**Resolution No. 2024-07 – Amended 05/06/2024**

City Ordinance 3-102 states the utility shall be operated such that it is self-supporting and self-perpetuating. It allows the utility to make a profit which can be used to contribute to the cost of any other City function as allowed under North Dakota Century Code Section 40-33. To date, it is the intent of the City Council to operate the utility on a self-supporting and self-perpetuating basis and not to make a profit for other purposes.

WHEREAS, Chapter 3, Section 3-219 allows that water and sewer rates may be fixed from time to time by resolution of the City Council and the City reserves the right to change the rates from time to time as it deems best.

WHEREAS, Chapter 4, Section 4-307 allows for fees for collection of garbage and rubbish by the City and the disposal thereof shall be as determined by resolution by the City Council.

The Council's intent is to evaluate the rates yearly and adjust them to generate enough money to cover the yearly costs and replace one block of water and sewer main each year.

Currently, the City Council has invested large sums of money to generate income for the utilities. The income from the investments is intended to supplement the utilities to keep the rates reasonable and ensure there are funds available for replacement projects.

Items to be addressed each year when evaluating the rates are as follows:

- A. Normal operating cost
- B. Costs for main replacement
- C. Interest income on investments
- D. Whether or not the assumptions for self-perpetuating the system are adequate.

Effective May 6, 2024, the rates for utility services are to be adjusted as follows:

## MONTHLY UTILITY SERVICE RATES

<u>SERVICE TYPE</u>	<u>JANUARY 2023</u>	<u>JANUARY 2024</u>
