Mary,

We should put this on for the next meeting. Ward

Good afternoon Ward,

I'm reaching out to see if we're able to administratively extend our OOC on Jake Doody's property (see last ext. attached).

We have been stuck in a painful, never ending [Capital Improvements Project process with National Grid/DPU](#) (we are in the Barre-Athol study) with results expected by end of year. Essentially, we cannot move forward with the project until the DPU makes a final cost determination and allows the interconnection agreement to be signed.

Thank you,

Julie
