Hi Dan,

My apologies for not getting back to you earlier. We are in the process of compiling and assessing all the mitigation options that have been provided to us by the towns and land trusts so far. We are planning a meeting next week to discuss and make some preliminary decisions, so I should know more within the next week or so and I will reach out if I have any questions.

Thanks!

Becky

Hi Becky, Have you heard anything back from the Eversource folks regarding the potential mitigation site for WT-11 TRRP Project in Wendell, MA? An update would be helpful. Thanks, Dan
