To Our Franklin County Communities,

Franklin County Technical School invites community members, town officials, and residents to attend one of three upcoming **Informational Community Forums** regarding the **proposed new Franklin County Technical School building project**.

These sessions will provide an overview of the Massachusetts School Building Authority (MSBA) process, the educational and facility needs driving this project, and how the proposal supports the future of vocational and technical education across our 19-town district.

Representatives from the **architectural design team** and **Owner's Project Management firm** will also be on hand to present details of the proposed design, answer questions, and discuss the timeline and next steps. In addition, the **projected fiscal impact** to the district towns will be communicated to ensure transparency and understanding of the financial considerations involved.

All three sessions will be held at:

Greenfield Community College – Dining Commons

1 College Drive, Greenfield, MA
