DECISIONS:

- 1. Crampton Society LLC, 119 Dune Road (905-021-03-008)** Applicant seeks an interpretation that the Building Inspector erred in his determination that the dwelling is located within the primary dune area where restorations are prohibited and that the dwelling is located within the secondary dune area where there is no prohibition of engaging in a restoration. In lieu of a favorable determination by the Board, the applicant requests variances from §74-8 A(8) for proposed additions and alterations that represent a restoration (exceeding 50% of the full replacement cost of the existing dwelling) within a Coastal Erosion Hazard Area primary dune area where prohibited. Irrespective of the above item, the applicant also requests variances from §197-5 A(1) for proposed additions within a required yard (within 75' of the crest of dune/rear property line) where conformity is required for additions, from §197-8 E(1)(b) for a proposed roof ridge height of 49.65 feet above sea level where the maximum permitted is 44 feet above sea level, from §197-34 G for a proposed dwelling floor area of 6,907 square feet where the maximum permitted is 6,000 square feet, and from §197-35 C for a proposed deck that extends 5 feet past the crest of the dune (rear property line) where the minimum setback required is 75 feet.

- 2. Deborah Fein, 13 Beach Lane (905-011-03-011)** Applicant requests variances from §197-6 D to construct a dwelling with side yard setbacks of 11.5 & 14 feet where the minimum required is 30 feet, and with a resultant combined side yard of 25.5 feet where the minimum required is 70 feet.

- 3. HCMC, 51 Old Riverhead Road (905-004-01-010)** In association with a site plan application to construct additions and convert a building for a contractors' office use, applicant requests variances from §197-5 A for proposed conversion of and additions to a nonconforming building (substandard front yard setback) where conformity is required for additions and alterations, from §197 Attachment 2 for a proposed front yard setback of 27.4 feet where the minimum required is 50 feet, and from §197-80.7 F for a proposed rear yard setback of 49.3 feet where the minimum required is 50 feet.

5. James Traynor, 91 Old Riverhead Road (905-2-1-7.02) Applicant requests variances from §197-5 A(1) for proposed conversion of a nonconforming building (substandard side yard setback of 7.8' & front yard setback of 22.7') for Contractors' Administrative Office Use where conformity is required for alteration, from §197 Attachment 2 for proposed side yard setback of the "Office 2" building of 20 feet and a combined side yard is 89.9 feet where the minimum required is 50 & 100 feet respectively, and also from §197 Attachment 2 for proposed side yard setback of the "Special Trade" building of 26 feet and a combined side yard of 89.1 feet where the minimum required is 50' & 100' respectively.
