<b>Targeted Inmate/Resident/Detainee Interviews</b>	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>I reviewed a large sample of screening documents, reviewed incident files and had discussions with staff and other inmates.</p>

# SITE REVIEW AND DOCUMENTATION SAMPLING

## Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.

84. Did you have access to all areas of the facility?

Yes

No

Was the site review an active, inquiring process that included the following:

85. Reviewing/examining all areas of the facility in accordance with the site review component of the audit instrument?

Yes

No

86. Testing and/or observing all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., intake process, risk screening process, PREA education)?

Yes

No

87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

Yes

No

88. Informal conversations with staff during the site review (encouraged, not required)?

No text provided.

## Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

Yes

No

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

No text provided.

# SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

## Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	1	0	1	0
Staff-on-inmate sexual abuse	0	0	0	0
<b>Total</b>	1	0	1	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Staff-on-inmate sexual harassment	1	0	1	0
<b>Total</b>	10	0	1	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted

## Standards

### Auditor Overall Determination Definitions

- Exceeds Standard  
(Substantially exceeds requirement of standard)
- Meets Standard  
(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard  
(requires corrective actions)

### Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

	<p data-bbox="244 210 451 237"><b>Auditor Discussion</b></p> <p data-bbox="244 271 1493 432">The WCCC written policy mandates zero tolerance toward all forms of sexual abuse and sexual harassment. The WCCC has created the PREA Coordinator position. This person's primary responsibility is to oversee the management of the agency's efforts in PREA Compliance efforts. The PREA Coordinator has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards and has done an exceptional job in managing the WCCC's PREA compliance efforts.</p>

	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 815">The WCCC uses multiple documents as their staffing plan to include a minimum staffing levels document, their schedule which indicates whether the staff on the floor is male or female, their updated organizational chart which outlines their command structure to include administrator and administrative staff as well as the required number of shift sergeants, corporal floor supervisors and deputy jailers as floor personnel within the jail for each shift. This document was designed to provide for adequate levels of staffing and is reviewed annually. The auditor reviewed policy and the 2020 organizational chart, and verified the staffing levels through the schedule that was provided and verified through direct observation while on the facility tour. The auditor interviewed the Sheriff, the Jail Administrator and the PREA Coordinator. All three individuals are strongly committed to ensuring that this jail is in compliant with the standards and has adequate staffing levels to safely supervise inmates under their care and custody. The WCCC throughout has strong, consistent leadership and a positive culture. They use video monitoring, electronic door monitoring and an intercom system to protect inmates against sexual abuse. Higher-level supervisors conduct and document unannounced visits. These rounds are documented in their computerized Jail Activity Log. In addition to frequent staff meetings and discussions, the sheriff, jail administrator and PREA Coordinator complete an annual review to assess, determine, and document whether adjustments are needed to their staffing plan or to policy and procedure. Changes needed to staffing and monitoring technology are also documented in requests through the budget process. They also created a Covid-19 Response Plan on how to operate in the event severe staff outages resulted due to the pandemic.</p>

	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 725">The WCCC does not conduct cross-gender strip searches or cross-gender visual body cavity searches except in exigent circumstances or when performed by medical practitioners. The WCCC trains line staff in the proper methods to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs. The auditor verified this in both interviews and in review of the training files. In the event a cross gender search is needed, WCCC will document all cross-gender strip searches and cross- gender visual body cavity searches. All interviews with both inmates and staff confirmed the practice of male staff searching male inmates and female staff searching female inmates. The facility prohibits examination for the sole purpose of determining gender and staff are knowledgeable of correct search procedures for transgender or intersex inmates. During the interview most physically demonstrated the correct technique for this search. The WCCC has policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. The WCCC has installed a body scanner in the intake area to complete a less intrusive scan during intake.</p> <p data-bbox="229 725 1509 873">Policies and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit. The auditor directly witnessed announcements throughout the audit and the practice was confirmed through both staff and inmate interviews. All camera views were adequately blocked to ensure that inmates have privacy to toilet and change their clothing.</p>

<b>115.16</b>	<b>Inmates with disabilities and inmates who are limited English proficient</b>

	<b>Auditor Discussion</b>
	<p>The WCCC provides interpretive services for inmates with disabilities or who are limited English proficient. There were no inmates who needed these services present at the time of the audit. The WCCC handbook and posters are also in Spanish. The WCCC does not rely on inmate interpreters or inmate readers and staff were aware of this policy. The instructions for using the interpretive service are posted near the booking desk and in control room areas. There is a multi-language sign that inmates can point to during intake to identify which language they speak. They verbally provide information to inmates who may have intellectual disabilities, limited reading skills, or are blind or have low vision</p>

	<p data-bbox="240 147 738 174"><b>Auditor Overall Determination:</b> Meets Standard</p> <p data-bbox="240 210 451 237"><b>Auditor Discussion</b></p> <p data-bbox="240 273 1485 533">The WCCC conducts criminal background checks on applicants before an offer of employment is made, for current employees when they are promoted and for contractors and volunteers before their services within the jail begin. The auditor reviewed a random sampling of files. At the time of the audit the Human Resource director was on leave and the auditor interviewed her administrative assistant. A commercial criminal background check was provided but they were unable to locate the law enforcement background check. The WCCC performs criminal records checks at least every five years of current employees, volunteers and contractors who may have contact with inmates. In addition, all Correctional Officers participate in 24/7 duty that requires them to use the North Dakota Criminal Justice Information System (CJIS). The North Dakota Attorney General's office requires that all CJIS operators have background checks ran every five years.</p> <p data-bbox="240 568 1485 824">The WCCC asks sexual misconduct questions once new employees begin training, during the annual review process and when promoted. The auditor was told that the WCCC asks sexual misconduct questions at the time of hiring, but due to the Human Resource Manager's absence the original form completed at the time of hiring could not be located. The PREA Coordinator enacted a new procedure in June 2021 in which these three questions about sexual misconduct and the continuing duty to report are pushed out electronically to all staff each year on the form titled "Employee PREA disclosure" utilizing the CorrectionsOne electronic training course. The PREA Coordinator also has the newly hired employee sign this form again when they go through orientation training with him prior to contact with inmates via the CorrectionsOne system so that he has all employees records within the CorrectionsOne system.</p> <p data-bbox="240 860 1485 981">During a random review of employee files, the auditor identified four staff who had previous institutional employers but was not able to locate documentation of asking these previous institutional employers about substantiations sexual misconduct. The Administrative Assistant stated she has heard the Human Resource Director on the phone asking these questions but did not know where they were filed.</p> <p data-bbox="240 1016 1485 1308"><b>CORRECTIVE ACTION:</b> The auditor required verification that prospective employees are asked sexual misconduct questions and understand their continuing duty to report prior to being hired. If the original forms for current employees cannot be located, the WCCC will need to provide these forms for any prospective new hire during the corrective action period. These questions are: 1) have you ever engaged in sexual abuse in any criminal justice facility: 2) have you ever been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or 3) have you ever been civilly or administratively adjudicated to have engaged in the activity described above. On August 9, 2021 the PREA Coordinator provided the auditor the Employee PREA Disclosure forms for 2021 for all employees and the volunteer that assists with the Choice Recovery Counseling program.</p> <p data-bbox="240 1344 1485 1429">The auditor required the documentation for any new hires with previous institutional employers during the corrective action period in order to verify compliance with this standard. On March 3, 2022 the Human Resources Manager provided the required institutional employer reference check.</p>

<b>115.18</b>	<b>Upgrades to facilities and technologies</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The WCCC actively employs and updates technology such as video monitoring systems, door access systems, or other monitoring technology. The WCCC considers how such technology may enhance their ability to protect inmates from sexual abuse. When designing their 2017 expansion of their facilities they added more cameras for coverage of blind spots and situated their control room for direct viewing of the housing areas. They ensured they have enough DVRS so that every camera is recorded so that they can go back and verify that policy and procedures are being followed after a reported incident and help in the investigative process. Since the last audit they have added three cameras and a body scanner to better detect contraband without conducting a unclothed search or body cavity search.</p>

<b>115.21</b>	<b>Evidence protocol and forensic medical examinations</b>

	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 745">The WCCC utilizes the investigative staff from the Williams County Sheriff's office for both administrative and criminal investigations. The lieutenant who leads the investigative process ensures that they take a team approach to include the investigator, the advocate who is automatically contacted when an individual is taken to St. Alexius Hospital where a Sexual Assault Nurse Examiner (SANE) is on staff. Williams County has a Sexual Assault Response Team (SART) and this team is utilized for all assaults – including within the jail. The investigator has received the necessary training for the collection of evidence as identified further under standard 115.34 Investigator Training. Evidence is collected using the North Dakota Sexual Assault Evidence Collection Protocol 5th Edition, June 2014. Victims of sexual abuse have access to forensic medical exams by a SANE through the St. Alexius Hospital in Williston. Victims are offered the support of an advocate through the Family Crisis Shelter of North Dakota in Williston. They have a very coordinated effort as they have been absorbed by the Sheriff's office into the community plan SART response and this is outlined within the jail's Standard Operating Procedure (SOP). The auditor confirmed in conversation with the Sheriff's office that the response to a sexual assault is identical to that of a sexual assault within the community. As requested by the victim, a victim advocate accompanies and supports the victim through the forensic medical examination process, investigatory interviews and provides emotional support, crisis intervention, information, and referrals.</p>

115.22	<b>Policies to ensure referrals of allegations for investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The facility refers all allegations for investigation. The WCCC investigations were completed by qualified investigators from the Williams County Sheriff's Office for criminal investigations and from the WCCC for administrative investigations. The auditor interviewed the lead investigator and reviewed the investigative documents. They were very well laid out, easy to read and contained all the necessary elements of a thorough investigative report. Investigative steps are outlined in their PREA policy contained within their Standard Operating Procedures. The WCCC publishes its investigations policy which includes the investigations process on their website at <a href="https://www.williamsnd.com/prea/">https://www.williamsnd.com/prea/</a></p>

	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="240 210 453 237"><b>Auditor Discussion</b></p> <p data-bbox="240 271 1481 898">The auditor reviewed training materials, training documentation and interviewed the PREA Coordinator and staff. Staff were very knowledgeable in the required competencies such as the correct first responder response – separate, provide care, protect evidence, call for assistance, notify shift supervisor and provide a written report. Staff were knowledgeable in how to recognize signs of sexual abuse and how to communicate effectively with LGBTI inmates. The PREA Coordinator leads the training efforts and uses a multi-throng approach to ensure that the information is retained. The staff are trained via training sessions by the PREA Coordinator on various standards such as a broad PREA training overview, cross-gender pat searches, and the staffs’ role responding to sexual abuse. In addition, staff participate in the National Institute of Corrections PREA training curriculum. The facility also implemented a CorrectionsOne training program in which staff annually answer the sexual misconduct questions and acknowledge that they have a continuing duty to report; attest to understanding of the ten training points required by the standard; watch a training video “The LGBTQ Community”; and a basic PREA training video “PREA: - Prison Rape Elimination Act”. Through the Corrections One on-line training portal the PREA Coordinator can push out different types of training to strengthen weak areas and provide for a fresh, and well-rounded training curriculum. Newly hired employees complete the same items as the annual training, but also watch a video, “What You Need to Know” and “My Name is Joe”. The PREA Coordinator conducts a practical training and table-top PREA scenarios for staff and afterward they participate in a discussion/drill analysis. The PREA Coordinator provides laminated Top 10 Do’s and Don’ts cards for staff to aid in the response. If staff need strengthened training, or the PREA Coordinator through his own research identifies new information that would be beneficial for all staff, he presents it to the Jail Administrator who approves and disseminates it to all staff. This method shows support of the Administration because the Administrator backs up the information that is pushed out by the PREA Coordinator.</p>

<b>115.32</b>	<b>Volunteer and contractor training</b>

	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 647">The facility provides PREA training to volunteers and contractors. The auditor viewed and verified documentation of training. Due to the Covid pandemic all incoming visitors were shut down for one year. Currently the WCCC utilizes one volunteer for drug abuse counseling. The auditor spoke with this volunteer who was able to state the facility's zero-tolerance policy and the appropriate actions to take if an inmate indicated sexual abuse. The level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with inmates, but all volunteers and contractors who have contact with inmates are notified of the zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents. The current volunteer has completed courses through the National Institution of Corrections to include "Communicating Effectively and Professionally with LGBTI Offenders", "Medical Health Care for Sexual Assault Victims in a Confinement Setting", and "Behavioral Health Care for Sexual Assault Victims in a Confinement Setting. She has also signed the acknowledgement form regarding sexual misconduct and a continuing duty to report as well as the form attesting to understanding the ten training points required by standard 115.31 Employee training.</p>

<b>115.33</b>	<b>Inmate education</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 884">The auditor interviewed inmates and the PREA Coordinator, reviewed training materials and documentation of training. The inmates receive training, a pamphlet, and a handbook on the day of arrival that outlines important PREA information during the intake orientation. The inmate signs electronically that they understand the Inmate Orientation and PREA Education presented to them. There are posters throughout the facility. Prior to Covid, the PREA Coordinator provided more in-depth training in each housing pod to inmates through a video and the opportunity to ask questions. Once Covid began they limited interaction between people and therefore, the PREA Coordinator no longer went into the pod to show the video to a group of inmates. The video is made available on the kiosk. When an inmate initially signs on to the kiosk within their housing unit the screen displays PREA information regarding their rights to be free from sexual abuse and sexual harassment, to be free from retaliation for reporting such incidents and methods of reporting and that the video is provided online for more information. The inmate must acknowledge that they have reviewed this information before having access to the kiosk. The kiosk provider has no way of pulling off a list of inmates who have acknowledged this information or the date they made the acknowledgement. The proof is in that they cannot have access for inmate account information, inmate requests, commissary, video visitation, the law library or other items. The WCCC will be adding an internal video system to all housing units this year. This system will allow the PREA Coordinator to show the PREA education video the same time once each week and then have inmates sign an acknowledgement form. The interviews confirmed that inmates were well aware of how to report and were familiar with multiple ways to report. Most inmates reported during the interviews that if they needed to report anything they would report it directly to their staff or through the kiosk messaging system and they know any other information they need to know is in the handbook and on the kiosk.</p>

115.34	<b>Specialized training: Investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor conducted interviews with investigators, reviewed policy and reviewed investigative files. Most sexual assault investigations are conducted by the lead investigator. If not directly investigated by the lieutenant, the investigators are led and supervised by the lead detective who reviews the final report. The lieutenant has received specialized training in sexual assault investigations to include an Advanced Crime Investigation courses, the National Child Symposium on Sexual Assault, the PREA investigation courses through the National Institute of Corrections and training specifically on collecting forensic evidence. In addition to her training, she has been in law enforcement for nineteen years, with the past sixteen years investigating as a detective. The auditor interviewed the investigator who primarily would be assigned criminal investigations within the jail. He has also completed the PREA investigation course through the National Institute of Corrections. In some instances, the Sheriff's office may call in the North Dakota Bureau of Investigation to conduct the investigation. Administrative Investigations are conducted by the PREA Coordinator who has been trained by the North Dakota Department of Corrections and Rehabilitation through their two-day course title "Investigating Sexual Misconduct: Training for Correctional Investigators.</p>

The RN was previously certified as a SANE but let her certification expire in 2010. The WCCC does not provide in-house mental health services. 	<p>The WCCC screening process is completed through a computerized booking system done upon intake. Intake screenings take place usually within a few hours of arrival, but never exceed 72 hours. Once the booking is complete, only limited staff have access to the PREA screening information. The PREA Coordinator reassesses all inmates within 30 days of arrival, when there is an incident, or upon request to ensure the inmate is safely housed based on all information.</p>

<b>115.42</b>	<b>Use of screening information</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 680">This auditor confirmed compliance with this standard through interviews with the Jail Administrator, the PREA Coordinator and inmates, and a review of documentation such as policy and screening documentation. The WCCC makes individualized determinations about how to ensure the safety of each inmate. In deciding whether to assign a transgender or intersex inmate to a housing unit for male or female inmates, and in making other housing and programming assignments, WCCC considers on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems. A transgender or intersex inmate's own view with respect to his or her own safety would be given serious consideration. All inmates shower separately from other inmates. The WCCC does not place lesbian, gay, bisexual, transgender, or intersex inmates in dedicated units solely based on such identification. An inmate's risk level is reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness. Inmates are not disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked. Once the questionnaire is complete, access to the information is limited only to staff within the WCCC that need the information to safely protect the inmates.</p>

The WCCC considers the least upsetting placement for the alleged victim. Staff interviews confirmed that inmates at high risk for sexual victimization are not placed into protective custody unless the inmate cannot be protected by any other means. A review of status for protective custody is completed at a minimum of every 30 days. The WCCC provides multiple internal avenues for inmates to report sexual abuse, sexual harassment and retaliation by other offenders or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents (i.e. telling any staff member, medical staff, through a grievance, submitting an inmate request through the kiosk, or writing to the PREA Coordinator. Staff accepts reports made verbally, in writing, anonymously, and from third parties and promptly document any verbal reports. In addition, there are multiple external avenues that are provided to the inmate. Inmates can report to their family or any other outside third party. Third Party reporting information on the website, posted information and the inmate interviews confirmed that inmates are aware of their options. The facility also provides the address to the North Dakota Department of Corrections and Rehabilitation Office of Facility Inspections</p> <p data-bbox="231 593 1508 1030">At the time of the on-site portion of the audit the WCCC was utilizing the Family Crisis Shelter of North Dakota as its external reporting entity. The auditor informed the facility that the Department of Justice legal interpretation of this standard through a FAQ posted on the PREA Resource Center website dated 6Feb2020 states that typically a rape crisis center and other victim service providers should not be used for this purpose. They have a mission of providing support and services to victims. Under federal law, if such centers and providers are funded at least in part, either as a direct recipient or as a subrecipient of certain federal grants they are required to keep identifying information about victims confidential. The only limited exceptions to this requirement are when the victim signs an informed, written, time-limited release, or when release is required by a legal mandate. This requirement to keep confidential identifying information about victim's conflicts with the requirement of PREA Standard 51(b) to be able to immediately forward reports of sexual abuse and sexual harassment to agency officials. The auditor discussed different options that they should pursue to find an alternate external reporting agency for inmates. They immediately began conversations regarding agreements with neighboring law enforcement agencies as their external reporting mechanism. The WCCC needs to ensure that the number to their external entity does not require an inmate PIN to call and that these calls can remain confidential to protect the anonymity of the inmate if requested.</p> <p data-bbox="231 1052 1508 1321"><b>CORRECTIVE ACTION:</b> The auditor required an alternate method for inmates to report sexual abuse and sexual harassment to an external entity. The facility immediately pursued an alternate reporting mechanism. The WCCC entered into an agreement with the Upper Missouri River Regional Dispatch Center (UMRRDC) to provide a 24/7 reporting line that WCCC inmates use to report sexual abuse. The UMRRDC will immediately forward any reports of sexual abuse or sexual harassment to the WCCC PREA Coordinator and allow the inmate to remain anonymous upon request. The external entity agreed to have their number posted and the WCCC updated their educational material to include inmate training, posters, the kiosk and the handbook with this new procedure to include that it is a free call and that a universal pin versus the inmate's unique pin number is used so that the inmate has the ability to remain anonymous.</p>

115.52	<p><b>Exhaustion of administrative remedies</b></p> <p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>Inmates may file a grievance using the kiosk. Allegations of sexual abuse or sexual harassment when received by staff, would immediately result in an administrative or criminal investigation. The WCCC PREA SOP states that there is no time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. Inmates are not required to use an informal grievance process or to otherwise attempt to resolve with staff an alleged incident of sexual abuse. A WCCC inmate may file an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse. Staff will immediately forward such a grievance to the jail administrator for which immediate corrective action will be taken.</p> <p>The Inmate Orientation Handbook has two items under section 25. Chain of Command/Grievance Procedure which are contrary to this standard and to the information in the WCCC PREA SOP. The Inmate Orientation Handbook states under item number 6. that "Spokesperson" grievances will not be accepted. This is contrary to the standard and to the information in the WCCC PREA SOP. Subsection (e)(1) of Standard 115.52 requires that third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, shall be permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of inmates. The Inmate Orientation Handbook states under item number 7. that informal resolutions between the inmate and staff are strongly encouraged as the first course of action. Subsection (3) of Standard 115.52 requires that the WCCC not require an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse.</p> <p><b>CORRECTIVE ACTION:</b> The auditor required additional information to the Inmate Orientation Handbook under the grievance procedure section to ensure compliance with this standard. The facility agreed with the suggested corrections, incorporated them into their revised handbook as listed in italics below:</p> <p>6. <i>"Spokesperson" grievances will not be accepted. This means grievances placed on behalf of other individuals, group grievances, etc. The one exception is that third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, are be permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of inmates.</i></p> <p>7. <i>Informal resolutions between the inmate and staff are strongly encouraged as the first course of action. <b>115.53</b>	<b>Inmate access to outside confidential support services</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The Williams County Sheriff's office has partnered with the Family Crisis Shelter of North Dakota to provide sexual abuse victims with emotional support services. The facility has a formal Memorandum of Understanding with this advocacy organization that outlines their services. Also, the WCCC falls under the Sheriff's Department SART program and an individual within the jail has access to these services the same as any person within the community. The auditor spoke with a crisis counselor this organization that stated they would provide support services to an inmate just as they would anyone within the community. The inmates are informed that all phone calls in the pods are recorded but inmate confidentiality will be protected to prevent retaliation.</p>

115.54	<b>Third-party reporting</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="244 210 453 237"><b>Auditor Discussion</b></p> <p data-bbox="244 271 1497 465">The WCCC website provides information on how an individual can make a third-party report. Third parties are able to report sexual abuse and sexual harassment to any facility staff member. There is third-party reporting information on the facility website at <a href="https://www.williamsnd.com/prea/">https://www.williamsnd.com/prea/</a>. These posters give the contact information for the WCCC Assistant Jail Administrator and the WCCC PREA Coordinator and to the phone number to the Williams County Sheriff's Office. The WCCC has not received any third-party reports. Interviews with staff and inmates confirm that staff and inmates are aware that third party reporting options are available.</p>

115.61	<b>Staff and agency reporting duties</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="244 210 453 237"><b>Auditor Discussion</b></p> <p data-bbox="244 271 1485 495">The WCCC PREA policy contained within their Standard Operating Procedures requires all staff to immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or harassment and for staff not to reveal any information related to a sexual abuse report to anyone other than the extent necessary. Staff interviewed understood this procedure. Inmate interviews supported the fact that inmates are also aware of the reporting and confidentiality requirements of sexual abuse and sexual harassment. Medical staff inform inmates of their limits of confidentiality and have a sign within the medical spaces notifying them that if inmates report that they were hurt or hurt others they must report that to jail administration.</p>

<b>115.62</b>	<b>Agency protection duties</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor reviewed the policy, interviewed the staff and the administration. The facility requires all staff to take immediate action to protect the inmate from imminent sexual abuse. All staff understand that “immediate” means when the response is needed – that could mean within minutes if the abuse were recent, or it could mean before the end of the shift for incidents in which an abuse was reported that occurred in the distant past.</p>

<b>115.63</b>	<b>Reporting to other confinement facilities</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>Through interviews with the Sheriff, the Jail Administrator and the PREA Coordinator upon receiving an allegation that an inmate was sexually abused while confined at another facility, they notify the head of the facility or appropriate office of the agency where the alleged abuse occurred. An investigation will be initiated immediately. This notification is to be made immediately and documented. There were three incidents reported from other facilities regarding sexual abuse or sexual harassment that had already previously been reported at WCCC and was investigated.</p>

115.64	<b>Staff first responder duties</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	Staff provided appropriate responses during the interviews outlining the duties of first responders. They stated they would separate the victim and abuser, move the victim to medical for a more private setting, preserve evidence so that it can be collected by the investigator; do not allow inmates to take any actions that could destroy evidence, contact medical staff to provide immediate medical care and contact a supervisor.

<b>115.65</b>	<b>Coordinated response</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The WCCC has a detailed comprehensive PREA Plan with a coordinated response. Also, one of the ways the plan is disseminated to staff is through an easy-to-read flow chart ensuring their coordinated response includes first responders, medical, mental health, investigators and supervisors. The PREA Coordinator oversees each response to ensure this plan is followed.</p>

115.66	<b>Preservation of ability to protect inmates from contact with abusers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The WCCC has a disciplinary process that allows for staff discipline if staff are involved in any type of sexual misconduct or for violating any agency sexual abuse or sexual harassment policies. Discipline can include reassignment of a post, administrative leave during an investigation, discipline for actions or failures to act that could lead to sexual misconduct by others. Discipline can include dismissal or termination from employment.

115.67	<b>Agency protection against retaliation</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The WCCC PREA policy contained within their Standard Operating Procedures covers all elements of this standard. The PREA Coordinator is designated to monitor for retaliation up to a 90-day period or for as long as needed. There is a form that they use to track this monitoring.

<b>115.68</b>	<b>Post-allegation protective custody</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="244 210 453 237"><b>Auditor Discussion</b></p> <p data-bbox="244 271 1485 434">The WCCC demonstrated compliance with all elements of this standard. After interviewing the Jail Administrator, the PREA Coordinator, staff assigned to supervise segregated housing, and inmates, there were no instances of using segregation to protect an inmate who had alleged to have been sexually abused. Staff stated segregated housing would only be used at the request of the inmate. There are multiple housing options available to provide adequate separation for the protection of an inmate. The standard practice would be to place the suspected abuser in segregated housing.</p>

<b>115.71</b>	<b>Criminal and administrative agency investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="244 208 453 235"><b>Auditor Discussion</b></p> <p data-bbox="244 271 1497 562">The auditor reviewed agency investigative files and conducted interviews with investigators, staff and inmates. For the period previous to the audit, August 2020 to August 2021 the facility had one unfounded incident of sexual harassment, one unfounded incident of sexual abuse and one unfounded incident of staff to offender sexual harassment. The incidents were properly investigated as outlined by their policy and PREA standards. Investigators have received specialized training to conduct sexual abuse investigations. Administrative investigations include efforts to determine whether staff actions/failures contributed to the abuse. The investigations are documented through written reports and include physical/testimonial evidence, credibility reasoning assessments and investigative facts and findings. All written reports will be retained for at least seven (7) years from inmate(s) discharge. Investigations will not be terminated due to the departure of an alleged abuser or victim. The facility will cooperate with outside investigators and will remain informed of the investigation progress.</p>

<b>115.72</b>	<b>Evidentiary standard for administrative investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The WCCC policy stipulates no standard higher than a preponderance of evidence will be used in making a determination of alleged sexual abuse/harassment. Through interviews with the investigators they use no standard higher than the preponderance of evidence in making final determinations of sexual abuse/harassment.

<b>115.73</b>	<b>Reporting to inmates</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The WCCC policy requires inmates to be informed as to whether the allegation was substantiated, unsubstantiated or unfounded; whether the allegation involved staff, contractors, volunteers or another inmate. If a sexual misconduct allegation is confirmed, the inmate will be informed of the abuser's employment/volunteer/contractor status; and as appropriate of an indictment/conviction. Interviews with the Jail Administrator and the PREA Coordinator confirmed practices involving all standard components were in place. Information regarding the status of investigations is readily available and was provided to the auditor. The inmate is made aware of the outcome.</p>

<b>115.76</b>	<b>Disciplinary sanctions for staff</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The WCCC policy requires that staff members who have violated sexual abuse, sexual harassment or retaliation policies are subject to disciplinary sanctions. In reviewing investigative files and conducting interviews with the Sheriff and the Jail Administration it was confirmed that agency policy is followed and appropriate disciplinary measures are used commensurate with the violation. Criminal allegations are investigated by the Williams County Sheriff's office.</p>

According to the Sheriff, should any violation of this type be substantiated, the facility has complete authority to administer remedial measures including prohibiting further contact with inmates. Contractors or volunteers who engage in sexual abuse will be reported to law enforcement agencies (unless the activity was clearly not criminal). These requirements are outlined in their policy.</p>

The WCCC prohibits all sexual activity among offenders and does not deem such activity to be sexual abuse if the activity is consensual. However, consensual activity is thoroughly investigated to ensure that it is truly consensual and not coerced. The WCCC follows policy and practice as was determined through interviews and reviews of investigative files.</p>

	<p data-bbox="229 192 1509 255"><b>Auditor Discussion</b></p> <p data-bbox="229 255 1509 584">PREA screenings are completed by intake staff to determine if an inmate has experienced prior sexual victimization or has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community. This information is used for protective measures such as housing placement. The nurse is copied with all screenings and speaks with the inmate during her medical and mental health screening that is conducted within 14 days of intake and offers follow-up medical or mental health services if there is a screening that indicates that the inmate was a victim of previous sexual abuse. This follow-up is documented within the inmate's medical file. The PREA Coordinator will work with the nurse to ensure an Incident Report is filed that can be seen by the PREA Coordinator so that they can be assured that the follow-up offer is complete as they cannot track the data as it is in each individual inmate's medical record. Eventually this will be in the (Electronic Medical Record) as they are going to that soon and should then have a way to more easily track this data.</p> <p data-bbox="229 584 1509 804">Medical staff are aware of mandatory reporting laws for inmates. Staff understand that any information related to sexual victimization or abusiveness is strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments. Medical staff obtain informed consent from inmates on a written form prior to reporting about prior sexual victimization that did not occur in an institutional setting. They have a posted a notice in the medical spaces notifying inmates that medical must report sexual abuse to jail administration for abuse that happens within the jail.</p>

<b>115.82</b>	<b>Access to emergency medical and mental health services</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	A review of facility policy, documentation and interviews confirmed that PREA requirements are met for access to emergency medical and mental health services. In the event services are not available by the facility medical staff, inmates are taken to CHI St. Alexius Health in Williston.

115.83	<b>Ongoing medical and mental health care for sexual abuse victims and abusers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The WCCC policy requires that medical and mental health evaluations and treatment are offered at no cost to sexual abuse victims and abusers. Medical staff verified this as a consistent practice. Tests for sexually transmitted infections and pregnancy are offered. Inmates are referred to a provider at the Northwest Human Services Center for mental health care.

<b>115.86</b>	<b>Sexual abuse incident reviews</b>

The WCCC staff were very cooperative throughout the audit process. The WCCC provided private accommodations to conduct interviews. The auditor notices were posted throughout the facility and the auditor received an electronic message on June 22, to verify they were posted within six weeks of the audit. The auditor received no correspondence. The staff at the Williams County Correctional Center are to be commended for the exceptional efforts in complying with the PREA Standards.
