

# North Putnam Update

4/5/2024

Work will begin on April 15,  
continue through May 31st

with restoration work happening in June.

**North Putnam will be closed to through traffic**

- 1 lane will be open during construction for residents to access the homes and for construction activity.
- The Contractor will work on west side and east side as separate phases, including side walk. 1 side will be completed (aggregate base, curb, sidewalk) before moving to the other side. Paving will be one operation at the end of the project
- Milling the asphalt will be the first operation. Millings will be left in place as temporary driving surface until aggregate base placement occurs
- Paving limits extend from W. Riverside to Bismark
