CITY OF WILMINGTON

Code Enforcement- Department Report 2024

The Code Enforcement Department strives to fairly and efficiently enforce and uphold the Codes and Ordinances while protecting the public health, safety, and welfare of our residents, businesses, owners, and visitors. The City of Wilmington accepts complaints from citizens as well as other local departments and agencies regarding violations of the City's Property Maintenance and Zoning Codes. The department then investigates each complaint and determines a course of action.

Cases and Violations

The number of new violations decreased this year from 529 to 496. Those 496 violations resulted in 377 new cases being opened with some cases consisting of multiple violations at one address. Continuing to make record keeping and organization a priority has continued to streamline many aspects of enforcement.

Code Enforcement Case History (YTD 01/03/2025)	
Code Enforcement Cases Opened 2024	377
Code Enforcement Cases Opened 2023	399
Code Enforcement Cases Opened 2022	382
Code Enforcement Cases Opened 2021	263
Cases Closed 2024	354
Cases Closed 2023	375
Cases Closed 2022	260
Total Open Cases (As of 1/1/2025)	115

Violations of the zoning and property maintenance codes are addressed by issuing warnings or formal violation notices (depending on the type and severity of violations) and working with the property owner and/or tenants to bring their property into compliance within a specified time frame. If property owners are not compliant, the cases are then turned over to the City Prosecutor and criminal charges are filed in Municipal Court.

This department handles a variety of violations regarding exterior property maintenance, junk vehicles, litter, grass and weeds, infestations, interior property issues, and other property issues. Below is a chart of the various violations opened in 2024. *(See attached Exhibit A)*

Court Action

When property owners fail to comply with City Ordinances, it becomes necessary to file criminal zoning charges in Municipal Court. In 2024 a local landlord entered a conditional guilty plea to 34 counts of property maintenance violations, some dating back to 2021, due to continued non-compliance with city codes. The City Prosecutor and Code Enforcement Departments worked together to negotiate diversion with the landlord, resulting in the sale of multiple properties to a private purchaser. The new property owners have since remedied all the violations and continue to improve and restore over 30 properties that were obtained through the terms of diversion.

Special Projects

The Clean-Up Wilmington Project was founded by the Code Enforcement Department in 2021. This volunteer program has continued to address littering, dumping and other blight, while working with other departments, agencies, donors, and volunteers.

Since April of 2021, 687 volunteers have removed 514 bags of litter from Downtown Wilmington and surrounding areas, and we look forward to more community events and outreach in 2025. (See attached Exhibit C)

Collaboration and Community Support

This year the Code Enforcement Department has been privileged to continue to collaborate with City and County Departments, as well as individual project donors, and volunteers:

• Clinton County Regional Planning/ Land Bank • Clinton County Solid Waste and Recycling District • Clinton County Prosecutor's Office • Clinton County Treasurer's Office • City Prosecutor's Office • Clinton County Dog Warden • Wilmington Police & Communications Department	• Wilmington Fire Department • Wilmington Sanitation Department • Wilmington Street Department • Sugartree Landscaping • Main Street Wilmington • Clean-Up Wilmington Volunteers • Amazon Air • Wilmington College • Clinton County Visitor's Bureau
---	--

Without the support of these departments, agencies, donors, and volunteers, the ongoing success of this Department would not have been possible. A big thank you to all the volunteers who have participated in our clean-up activities, "Many hands make light work" and to the Administration who has supported these efforts.

Looking forward to continued success and collaboration in 2025.
