DRESS CODE - Parents, please review our Dress Code Policy (located on page 18 of the Agenda Book and on our website) with your student(s). We are asking that all students dress appropriately for a school environment and does not distract from the learning process. Short shorts, rompers and t-shirts with inappropriate language and pictures are not acceptable, although we do understand fashionable. In addition, tube tops or tops without straps, midriff shirts and clothing that allows for us to view undergarments is distracting. Thank you in advance for your cooperation in helping us make your student's educational experience the best it can be.

FREE PERIOD STICKERS - Students with free periods will use their locators to get on and off of

campus until they get their stickers. All students with free periods **need** to have a Free Period form signed by parent and counselor before getting a sticker on their ID card. Forms and stickers are available in the Counseling office now. If you have turned in a Free Period form, please come to the Counseling Office to get the sticker on your ID card. HEALTH OFFICE NEWS - Wellness and Safety in the School Policies

For any student who is returning to school with an injury, illness and/or surgery, a Readmission to School form needs to be completed and signed by both parent/guardian and doctor. Otherwise, the student will need to wait in the Health Office until a parent can return to sign the form. This is especially necessary for any student who is using crutches, wheelchairs, braces, splints, slings, casts, elastic bandages/ACE Wrap and even those with stitches. Also, any precautions, recommendations and/or restrictions need to be indicated as well as the length of time this is to be in effect. Some will be ongoing until they are cleared. Some doctors will use their own forms which we will attach to the Readmission Form. If an Emergency Department visit was needed, please ask for a note from the doctor. The student is to stop at the Health Office prior to attending class. The doctors note and instructions then will be given to the coaches and PE instructors as well as teachers if needed. The Health Office is the link to parents/students, doctor and school staff so that we can communicate what is needed to keep the student safe, healthy and able to attend class. The student's health is our main priority. The student will receive a 5 minute pass so that he/she is able to leave class early so they will not need to deal with the crowd of students. A book carrier will also be

arranged for if needed. Please, continue to provide updated information from the follow up visits to the doctors and specialists, and once cleared, provide the clearance note.

Regarding medications at school, CA

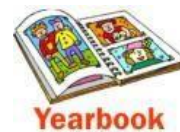

State policy specifies that students cannot carry any medication on them during school hours including over the counter medications, except for inhalers and Epi-pens. If a student is required to take a scheduled medication during school hours for a short term period, for the school year or if parent would like a student to have an over the counter medication given, a Medication Authorization form is required to be completed by both the doctor and parent. Medications are kept in a locked drawer in the health office. The medications need to be brought into the health office by a parent or guardian. Any inhaler and Epi-pens can be either kept by the student and/or in the locked emergency medication cabinet in the health office. We recommend to do both. These also need to have the Medication Authorization form completed and signed by parent and doctor so that we have the information needed to be aware that the student requires this medication especially in case of an emergency. If a student has medication found on them without having prior authorization on file, it may be cause for suspension.

PTSA

Disclosure, the information that went out last week was last year's membership information. Below is the correct information for the 2016- 2017 school year:

Our mission is to positively impact the lives of all children and families. Membership is just \$7.00 per person and you never have to go to a meeting or volunteer to do anything if you don't want to. Of course if you want to get involved or to help out with an event once in a while, that would be great. To do that, email us at royalpts@gmail.com. Otherwise, the membership form is attached to this email. Please fill it out and return it and your membership dues to the office at Royal, knowing that your membership shows your support for the work that the PTSA does at Royal High School. Remember to be eligible for the PTSA scholarships one of the qualifications is that your student has to be a member in both their Junior and Senior year.

Volunteer options- maybe you're interested in helping at one of the PTSA sponsored events such as luncheons, BBQs, testing breakfasts to name a few. If you would like to be kept in the loop and possible help us out, please see attached letter to send back to school or simply email us

royalptsa@gmail.com and we will add you to the volunteer emails that go out. We appreciate and welcome any help we can get!

The PTSA thanks all who helped make the beginning of the school year a success for the students. From locker distribution, counseling office help and Freshman BBQ. We are off to a good start. PTSA is important to Royal High School and provides many great programs for the students. With that in mind, please review the attached Membership form. \$7.00 per person; student, parents, grandparents are all welcome. NO volunteering is required or attendance to meetings. A \$30 donation is always helpful as well or any amount that can be afforded. Please turn into the front office. If you have any questions you can contact royalptsa@gmail.com.

Thank you!
