Dr. Mandel's Message

Dear MHS Parents & Guardians,

Homecoming week was a terrific showcase of our history, campus and students. Throughout the week, students and staff showed their school spirit by dressing up for the different themes, and then on Friday by wearing Blue and Gold. Our pep assembly was energetic and led us into a wonderful evening of events, including our FFA Steak Fry, our Alumni Reception with a 50th year reunion, our Choir hosted the Middle School and two elementary schools to perform the National Anthem, we won the football game, our Band pepped everyone up, and the Homecoming Dance was a rousing success.

On Thursday night of last week, I had the privilege of attending the induction for National Honor Society, when we inducted 97 students into NHS. This represents a large increase in the number of students invited and applications accepted, and I'm very proud of these students. I hope that this number only grows in future years!

Our Welding Program is expanding into a new space on campus. The Welding classes will be working alongside professional contractors to renovate a barn into a welding shop that will house the Advanced portion of the program. The outcome will be new space for the program, and the work experience that students will get as part of this project is irreplaceable.

Getting to school on time and to classes on time is an important priority for us this year. We are noticing that students are beginning to struggle with this. Please help to encourage your student to get to school on time and to be in classes before the bell rings.

Our bookstore is selling cases for the Chromebooks. Students can purchase the shell cases for \$20 in the Bookstore. The cases are great for some basic protection of the device and students can personalize the cases with stickers.

As we get close to quarter grades, please check online to see updated grades, and contact teachers if you have questions or concerns.

Have a great week, and I look forward to seeing you on our campus.

A group on campus is working to create at least ten sleeping mats for the homeless with hopes of delivering just before winter break. In order to accomplish this goal, we need at least 5,000 plastic grocery bags. Please send or bring yours in! We also need crochet hooks in size N or O and a few pairs of sharp scissors. If you'd like to donate hooks or scissors, if you have any questions, or if you'd like to help crochet the mats or cut and ball the bags into "plarn" (plastic yarn), please contact Mrs. Katie Anderson at k.r.anderson@maranausd.org. DORRANCE SCHOLARSHIP PROGRAMS

Providing academic and financial support to Arizona's first-generation college students

The Dorrance Family and the Scholarship Program

In 1999, the Dorrance Family created a scholarship at the Arizona Community Foundation to provide academic and financial support to Arizona's first-generation college students. The Foundation awards up to 30 scholarships annually to incoming freshmen at Arizona's public universities: Arizona State University (Tempe), Northern Arizona University (Flagstaff) and The University of Arizona (Tucson). The total educational and programmatic value of each scholarship is estimated at more than \$100,000. Scholarships are renewed based on academic standing and participation in program events, activities and volunteer service projects.

Recipients of the Dorrance Scholarship are among the most fortunate students in Arizona: the scholarship affords opportunities not readily available to most college students.

Program Overview

Benefits:

- \$12,000 per year
- 8 semesters of funding
- conservation program
- entrepreneurship experience
- international study/travel
- Dorrance advisor
- cultural enrichment
- community outreach opportunities
- tutoring and mentoring
- pre-college bridge program
- internship opportunities

Renewal Criteria:

- attend all programs, events and retreats
- maintain 3.0 GPA
- study full-time
- perform volunteer service

- first generation to attend college (neither parent/stepparent holds a four-year degree)
- minimum cumulative 3.0 GPA (weighted or unweighted)
- combined SAT score of 1040 **OR** composite ACT score of 22 (excluding writing score in both instances)
- demonstrated financial need (www.fafsa.gov)
- accepted by one of Arizona's three state universities*
- demonstrated leadership and volunteer service
- agree to participate in all aspects of the scholarship program...**MUST** be able to travel internationally
- agree to live on campus during freshman and sophomore year
- agree to participate in the summer bridge program in Flagstaff, AZ

*Main campuses only

Is the Dorrance Scholarship Right for Me?

Dorrance Scholars receive more than funding for college: this is a scholarship **program**. Students will meet regularly to explore the integration of learning, vocation, leadership and philanthropy. University and Program orientations preceding your college experience, and on-campus housing freshman year, support your transition from high school to college. International travel and cultural events are signature features of the scholarship program that enrich college life.
