Dear Lincoln Prairie Elementary School Families,

Thank you for supporting our first Family Math Game Night on September 29. It was wonderful to see families engaging in math activities together. We are always looking for ways to improve our evening events. If you attended the math night event, please provide us with feedback by completing the following Google Form. It should only take a minute or two to complete.

The first attachment in this packet is the district form for collecting general directory information. If you do not want your students in the LP directory, you must fill out the form and return it to the school office by October 14.

Thank you for your continued support of Lincoln Prairie! Enjoy your afternoon!

**GENERAL DIRECTORY INFORMATION  
(All grade levels)**

School staff members may sometimes release directory information for school ‘phone books’ such as those produced by Parent-Teacher Organizations [PTO’s] or Parent-Teacher Committees [PTC’s]. These types of publications generally include the student’s or family’s name, address, phone number, and email addresses; however, the term "directory information" can additionally include individually identifiable information such as the following: date and place of birth, gender, grade level, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and other information in relation to school-sponsored activities, organizations and athletics.

If these terms are not agreeable and you do not give permission to use your child’s directory information, the parent/guardian should indicate this by signing below and submitting this form to the child’s school.

**I do NOT allow the school district to release my child’s directory information.**
