ALEDO ISD PRESENTS:

KEEPING KIDS SAFE IN TODAY'S WORLD

"THE SAFETY OF OUR YOUTH IS IN DECLINE"

News stories with headlines like these are abundant with accounts of child abductions, abuse, neglect and sometimes even worse. Unsuspecting families can often be the most vulnerable.

This session of Parenting University will feature guests from organizations in our community that combat such things from happening to your child!

The session will also preview materials to be used with students to instruct them about such dangers as well.
