NOTAM class 2 101016 - Detailed Information

Raisbeck Aviation High School

October 10, 2016

Greetings Raisbeck Aviation High School Students and Families:

Congratulations to **Kaeden Wile and Rachel Demaree**, our October Rotary Students of the Month. Kaeden and Rachel were both honored at a luncheon for their academic success, community service and citizenship. We are proud of you!

ASB hosted a wonderful and well attended Aviator's Ball last Saturday evening. Thank you to all of the students and staff who helped put on this fun event.

As we turn the corner into mid-quarter, it is a pleasure to see all of our students working so hard towards their academic success. We believe that a strong partnership between our school and parents is key in this success. Please feel free to reach out to your student's teachers if you need any additional information or have questions.

And finally, Raisbeck Aviation High School was recently recognized by the AOPA National publication for leading STEM learning. This is a testament to the dedication of all of our **staff**. Nice job!

Have a wonderful week!

Mrs. Tipton

PSAT Testing Room Assignments--October 19:

Juniors with last names that start with A-G, report to the PLC at 9AM. Last names H-Z, report to the Museum of Flight.

Sophomores are split up by first period teacher.

- If you have Fitzpatrick or Shiroma: report to room 3520 (Ms. Fitz’s room)
- Gudor or Hoehne: report to room 3510 (Mr. Hoehne’s room)
- Joshi, Wilson, or Edgerton: report to room 3140 (Mr. Kumakura’s room)
- Cullison: report to room 3580 (Ms. Cullison’s room)

Get a good night’s sleep, eat breakfast, and be in your testing room by 9 AM. **Do not check into first period.** We will take attendance in the PSAT.

- **Seniors:** Complete your FAFSA by November 1st! For information, visit <https://studentaid.ed.gov/sa/about/announcements/fafsa-changes>

In Highline Public Schools we promise to graduate students ready for college, career, and citizenship. One key strategy in promoting the postsecondary transition is helping students and families complete their FAFSA/WAFSA. Last year in HPS nearly 80% of our graduates completed FAFSA/WAFSA, and we are joining with districts across the region to surpass this mark in 2016-17. The site opened on October 1st and students and families have the opportunity to begin their application at this point (As opposed to January 1st, as it has been in the past).

Why prioritize financial aid?

- a. Students who complete financial aid are **twice as likely to attend postsecondary education**
- b. 85% of students who apply for financial aid **receive aid**
- c. College affordability is one of the biggest barriers to pursuing postsecondary education
- d. Financial aid is required for ALL federal aid, loans & most scholarships (merit too)

- e. Completing financial aid ensures that all students graduate ready, with **all options open.**

- Ms. Carper will proctor BYU Health exams in the career center at 3:40 p.m. on the last Wednesday of every month. Please order your test from BYU at least two weeks in advance.

Applications are being accepted in the CAREER CENTER. Look for the manila envelope marked JOE SUTTER DINNER.
- **SOPHOMORES** – Check your email for notification of your selected MENTOR. Email confirmations will begin this week and continue throughout October/November. Many thanks.

NEW ANNOUNCEMENTS

Students: For building safety, beginning Monday October 10, the south doors by the Museum of Flight Aviation Pavilion, will remain locked at all times. You may exit through these doors but there is no re-entry. Please do not knock on the doors or prop the doors with pebbles. Staff has been instructed NOT to let students in the doors. Students are NOT to let students in. Please go around to the front and help us keep our building safe.

Students: We are honored to be hosting the 2016 Pathfinders Recipients for a luncheon on Friday October 21st. Please note that per our dress standard of dressing professionally when we have honored guests on campus, **Business Dress is mandatory** on this date, Friday October 21. Thank you all for your professional participation for this exciting event.

Parents: We are ordering the school Business Cards this week. If your student wants business cards and has not yet paid, they need to bring \$8.00 to the school bookkeeper no later than Tuesday, October 11. If you paid for business cards, please ask your student if they completed the three question survey in Advisory this week. Next Wednesday is their last chance to submit their information for the business cards.

NHS - Are you in dire need of a granola bar and a bottle of water? Well, we've got some for you. We will provide you with these necessities if you donate blood on October 13th! Sign up with any NHS member (disclaimer: you must be at least 16).

ACE Club News - # 1 Perhaps you know there are two Boeing 727s across the street near the Museum of Flight (MoF). One of them, N874AA (it has "AA" on the tail), was donated by the MoF to the Airline History Museum (AHM) in Kansas City, MO (<http://www.airlinehistory.org/>). Personnel and volunteers from the AHM are refurbishing the aircraft in preparation to flying it away next Spring, in the meantime they need OUR help! On 15 October they will be hosting a "work party" that will focus on polishing the airplane so it will look its best come Veteran's Day (11 November), wherein local veterans will be honored with a luncheon and high speed taxi run in the airplane.

Please plan to assist in any way you can on 15 October to both honor a classic airplane and some of our local veterans. We may also be needed on 5 November in case we did not finish on 15 October. This event is supported by RAHS ACE Club and will sign off volunteer time for RAHS students. Please let ACE Club president Steven Do (do.steven747@outlook.com) or adviser Dr. Edge (richard.edgerton@highlineschools.org) know if you intend to participate or if you have questions. The exact meeting time and location will be announced the week of the event.

2 - Would you fly around the world in a two-seat home built airplane? A group of high school girls in Hong Kong built B-KOO (see photo) which made a stop in Seattle last Tuesday (27 September) on its round the world flight which included crossing the Pacific Ocean. The airplane is a Vans RV-8, has a max gross weight of 1800 pounds, and is powered by a 4-cylinder engine. Photos from the building process are available on the Vans forum (<http://www.vansairforce.com/community/showthread.php?t=113150>), there is a website for the RTW flight that includes a flight tracker (<http://www.inspiration.bkoo.hk/>), and a link to the TV coverage from their first flight in Hong Kong flight (<https://www.youtube.com/watch?v=RJIIT9BDvjE>). The pilots of K-BOO were shown aircraft in the Museum of Flight Pavilion and toured the RAHS building, hosted by Dr. Edge. Consider following this historic flight!

Robotics--Skunk Works invites you to attend our Spaghetti Dinner and Auction to be held at RAHS on Friday, Oct. 14. Doors open at 5:00 p.m. with dinner being served at 6 pm. Advanced tickets can be purchased from any Skunk team member or at the school front desk for \$15. Ticket prices at the door will be \$20. The event includes a generous dinner of spaghetti, meatballs, salad, bread, and beverages, but the real treat is our dessert auction run by our own auctioneer, Mr. Troy Hoehne. Come support the Skunks!

Ground Control -- "Do you have problems that you simply can't solve? Are you too embarrassed to ask your friends? Submit your questions to the Phoenix Flyer's advice column, Ground Control, at "tinyurl.com/RAHSGroundControl" or at "ahsphenixflyer@gmail.com".

ASB

The Spirit Shack will not be open next Friday because there is no school October 14th, but look out for new apparel and sales the following Friday! Have a great week!
