Del Webb Middle School

Parents/Guardians

Our **Chromebook Drive-thru Deployment** is here! We will issue a chromebook to any Del Webb student who does not currently have a chromebook checked out at home. If your student will be using their personal device, you do not need to come to deployment. Only parents/guardians who are registered with the student in Infinite Campus will be approved to pick up the chromebook. Please bring a Photo ID.

Chromebooks will be available for pick up **August 17th-19th from 7:30am-2:00pm**. The [CCSD Chromebook Agreement](#) must be completed and brought in to receive the chromebook. Vehicles will enter near the park entrance towards the back parking lot of the school. We will have staff assisting traffic to form the line. Please be courteous and follow the appropriate entrance to reserve your spot in line. If you are unable to pick up the chromebook on the designated days, please contact Kim Bishop, bishoka@nv.ccsd.net, for an appointment. Please note: Separate appointments may delay your student in having their device by Aug. 24th.

All Chromebooks will have a management and Internet filtering tool that your child's school uses for devices issued to students. The Internet filter will also apply to any student whenever a student logs on to a Chrome Internet browser with his or her school-issued nv.ccsd.net account. GoGuardian will NOT filter content or impact the browsing experience of NON-CCSD accounts (private Gmail accounts, etc.). Through the use of this tool, we hope to encourage safer practices and responsible browsing habits. Any attempt to access inappropriate content using a school-issued Gmail account will generate an immediate email, "red flag," that is sent directly to the school's administrative team. The devices may be disabled remotely if deemed necessary by school administration.

Students returning to CCSD will use their current school issued Google Gmail account. New students to CCSD or any student needing their login information can visit <https://myaccount.ccsd.net/> to retrieve their school email or reset their password.

Please report chromebook issues on the form located on our school website. Chromebooks will be replaced by appointment. <https://sites.google.com/nv.ccsd.net/delwebbms>
