Student Service Learning

Student Service Learning (SSL) is a Maryland State Department of Education (MSDE) graduation requirement. Montgomery County Public Schools (MCPS) promotes high quality service learning experiences for all students in various environments to encourage habits of civic participation, responsibility, and service, which are essential to American democratic life. Students may begin working on the SSL requirement the summer after completing fifth grade. Hours continue to accrue through high school.

There are hundreds of options available to help your child meet the Student Service Learning graduation requirement in Maryland. Encourage your child to get involved early. Students are required to put in 75 hours of service work with a nonprofit organization before graduation. SSL hours also can be accumulated through involvement in specific middle and high school courses, school clubs, and approved community activities.

At Newport Mill Middle School, Ms. Miriam Cohen is the Student Service Learning Coordinator. She is responsible for maintaining the computer record of each child’s progress toward this requirement. This information will appear on your child’s report card. In order to receive proper credit for SSL hours, MCPS form 560-50 must be submitted to Ms. Cohen. If the activity is not on the pre-approved list of activities, your child must see Ms. Cohen for approval in advance of any service. The approved list, access to the form, and additional information on Student Service Learning is available at:

www.mcpssl.org

Academic Focus

Interdisciplinary Writing Assessments

Newport Mill Middle School develops Interdisciplinary Writing Assessments to ensure the Middle Years Programme (MYP) and the STEM-centric approach to teaching and learning are implemented in classrooms. Teachers utilize the Middle Years Programme Template--Goals, Role, Audience, Situation, Product/Performance, and Standards and Criteria for Success (GRASPS)--to develop and implement these writing assessments. Interdisciplinary Writing Assessments make connections between two or more content areas (STEM-centric). Students are asked to use various texts across disciplines to support arguments, points of view, or provide explanations in the development of a written product (Disciplinary Literacy). Assessments are developed to challenge students’ critical thinking by asking questions such as “How, Describe, Why, and Explain,” and to provide students with the opportunity to engage in rigorous communication through small-group discussion, student reflection, and self-assessment. Students also have the opportunity to synthesize or evaluate various texts and points of view.

Parent Handbook

Attendance Policy

Students should come to school on scheduled school days. If a student is absent, it is helpful if a parent calls the office to let us know of the absence. Even if you have called, when the student returns to school, a written note must be submitted to the main office.

Every effort should be made to make appointments after school hours. It is also very important to limit extended family vacations during scheduled school days. Such absences are not excused.

Tardiness

Tardiness for any student is a failure to be quiet and seated in the assigned class area when the tardy bell rings.

Late to class may result in one of the following consequences:
- Lunch detention by classroom teacher
- Call to parent
- Team meeting with the student
- Referral to an administrator

Late to school:
- Referral to a Counselor
- Referral to an Administrator
- Contact Parent

If a student is repeatedly late, a letter is sent home.
Newport Mill Middle School has been recognized as a National State School of Character. As a School of Character, we encourage a positive culture in our school community. Part of this positive culture is to emphasize that each student at Newport Mill Middle School has three basic rights:

- The Right to be Safe
- The Right to Feel Safe
- The Right to Learn

In order to ensure that all students enjoy the three rights listed above, each student must practice the four Rs:

- Respect for self
- Respect for others
- Respect for property
- Responsibility for self

Included in this packet is a listing of some infractions that could occur if students do not practice the four Rs. While not all acts of misconduct can be itemized, the following is a list of infractions that will lead to disciplinary action.

**GENERAL DISCIPLINE INFRACTIONS**

1. **Behavior which will physically hurt anyone.**
   Some of the types of behavior in or out of school that fall into this category are fighting, pushing, shoving, running in the school halls, throwing objects, carrying dangerous objects, and inappropriately using science, arts, or physical education materials and equipment.

2. **Behavior which will hurt people's feelings (psychological hurt).**
   Name calling, racial slurs, calling attention to one's personal characteristics in a derogatory manner, intimidation, group isolation or ostracism, sexual harassment, and many other behaviors which are designed to devalue or hurt another person, fall into this category. *Cyberbullying* is when a child, preteen, or teen is tormented, threatened, harassed, humiliated, or otherwise targeted by another child, preteen, or teen using the Internet, interactive and digital technologies, or mobile phones.

3. **Behavior which will damage, destroy, or cause the loss of personal or school property.**
   Irresponsible use of materials, theft, malicious destruction or defacement, and manipulating locks or lockers other than one's own is not tolerated.

The school will not be responsible for lost or damaged electronic devices.

**Visitors:**

All visitors must report to the main office and present a valid picture ID whenever visiting Newport Mill Middle School. Newport Mill Middle School has an Access Control System (ACS) system to enhance school-based security in Montgomery County Public Schools. All visitors will have to press the call button to alert the main office. Once in the building, visitors must proceed to the main office and present a picture identification. Visitors must enter through the main office entrance only. The bus loop entrance is not accessible during school hours.

**Weather:**

In the case of inclement weather, please listen to the local radio and television stations regarding school closings. The school system will make the decision to close by 6:00 a.m. The MCPS web page also lists all school closings, early dismissals, or delayed openings. If there is an early dismissal, the students who ride the bus are transported to the new dismissal time. If there is a two hour delay, the bus will pick up student at their regular bus stops two hours from the original time. A great way to get this information is through Alert MCPS.
Student Recognition:

At Newport Mill Middle School we are proud of all our students' accomplishments. We take every opportunity to highlight all student achievements. Each marking period, students who have achieved honor roll or who have exhibited IB learner attributes are recognized at grade level town hall meetings.

Technology:

The Promethean Board is an interactive classroom teaching tool. This technology allows teachers to create, customize and integrate text, images, quizzes, and tests, web, video and audio content, so they can more easily capture students' attention and accommodate different learning styles. Each student will have access to a handheld Activate response unit which provides the opportunity for students to respond quickly and provides the opportunity for instant analysis.

Chrome books, computers, digital cameras, and other technology items are also available for students.

Textbooks:

Students are assigned textbooks by individual teachers. Each textbook has a number and a place for the student to write his/her name. Students are responsible for keeping the textbook in good condition throughout the school year. Students should cover the textbook to protect it against damage. Students who have lost or damaged a textbook will be required to pay for the book.

Transportation:

A detailed schedule of bus transportation is available in the main office. It is mailed home during the summer each year, and is included in this booklet. For those students who qualify for bus transportation, a daily pickup in the morning and a return bus in the afternoon is provided. In the case of early dismissal or delayed openings, bus transportation is provided at the new time.

If a bus is late or does not arrive, please call directly to the MCPS Transportation Depot at 301-929-6906. The Shady Grove Transportation Depot provides transportation for our students with special needs. They can be reached at 301-670-3227.

Code of Conduct

4. Interruption of the on-going program for self or group.
Failure to bring the necessary or required materials for class such as books, papers, pen/pencils, and physical education clothes disrupt the educational program. Temper tantrums, class cutting, clowning, profanity, obscenity, insubordination, refusal to identify oneself, flagrant tardiness, excessive attention-getting and remaining in areas of the school where one does not belong are examples of this infraction.

DISCIPLINE TERMS

Detention:
A specific amount of time, in addition to that in the classroom, spent under the supervision and direction of the teachers, security assistants and administrators. This can occur during school hours and/or after school. Parents will be notified within twenty four hours of detention times and dates.

Search (locker or personal):
An administrator has the authority to search the locker or person of an individual suspected of possessing drugs, alcohol, weapons, or fireworks. Any search of a person is to be conducted by an administrator of the same sex and witnessed by another staff member.

Alternative Structured Classroom (ASC) and In School Intervention (ISI)

Only administrators may assign this consequence. Students will be removed from the educational setting and placed in a designated area of the building (referred to as the Alternative Structure Classroom or ASC), where students will be provided with instructional services (defined as In School Intervention or ISI), which will enable the students to appropriately progress in the general curriculum. Teachers will provide students with school work, based upon the current day's mastery objective. Counselors will collect the work from teachers, deliver it to the students, and then deliver the completed school work to teachers. Administrators will ensure the completion of assignments.

Suspension:
A student who is suspended is excluded from all school activities and classes and from MCPS property for the duration of the suspension. Student and parent must attend a conference with an administrator prior to the student's return.

Expulsion:
A student who has been recommended for expulsion must attend a conference with administrators, parents and central office personnel to determine school placement.
APPEAL PROCESS
Effective rules and regulations require fair treatment for each student. Students have an opportunity to appeal a decision made by a staff member when the student feels that the decision made was in error or unfair. If the student cannot solve the problem informally, an appeal must be filed within five days of the incident.

Procedure:
1. If a teacher's decision is appealed and the problem is not resolved, the student should request a meeting with the appropriate administrator. If the decision of the administrator is being appealed, the student can request a meeting with the principal. This request must occur within fifteen days of the incident.
2. The selected administrator will meet with the student and staff member within five days of the request. The student may invite any other adult (parent, guidance counselor, and teacher) that he/she wishes to attend the meeting.
3. The administrator must provide a written decision within ten days after the meeting.
4. If the student still is not satisfied, he/she may appeal beyond the school level. The procedure for appeal can be found in the Student's Rights/Responsibilities Handbook and MCPS Code of Conduct and are available in the Counseling Services Office. In all appeals, students are requested to consult their guidance counselor for help.
