

Student Safety Is Everyone's Responsibility

In order to keep our children safe, we would appreciate everyone's cooperation and adherence to the new dismissal procedures ...

- Bus riders will go to the gym as usual. Bus dismissal stays the same.
- Parents/Guardians who are here to pick students up will wait in their cars. You will have an ID tag with your child's first and last name on it. You will hang your ID tag on your rearview mirror and your child will be escorted by an adult to your car. (Multiple tags will be made for each family) Parents will remain in their cars at all times unless you need to assist in buckling up a small child. Parents should take the tag down once your child is loaded.
- Adults will be outside to direct traffic flow. Lines of cars will form in zones 1 and 2 (see the map – Zone 1 three lanes, Zone 2 two lanes).
- Parents who need to pick up students early will need to do so on or before 3:15. This will be considered a tardy.
- Parents must contact the office for any transportation changes including riding a different bus or going home with someone other than the pre-arranged guardian. A phone call, email, or message to the teacher will not suffice. These changes must be done before 3:00.

For maximum safety, please follow this dismissal system. We appreciate your flexibility, patience, and understanding during this busy time of day.

Thank you so much for your help and support, The Dismissal Team.
