24/7 Student Support

Personalized learning support when and where your student needs it.

Loudoun County Public Schools has partnered with Varsity Tutors to provide unlimited, live support from highly qualified tutors, self-study resources, and engaging extracurricular classes.

What's Included

Free Tutoring Anytime

Unlimited, real-time tutoring in all core subjects. Students and experts chat live using a shared whiteboard where they can edit documents, calculate equations, share files, and more.

Enrichment Classes

Students can enroll in interactive classes that teach skills like coding, animation, and financial literacy, as well as celebrity-led StarCourses about space, archeology, wildlife, and more.

Essay Review

Students can upload essays, term papers, reports, admission essays, and more to an expert for proofreading and content guidance.

Self-Study Resources

Students will have extra tools to help them academically succeed like practice problems, instructional videos, and adaptive diagnostics.

Why parents love Varsity Tutors.

Personalized to Their Needs

Whether they need 24/7 support or self-study resources every once in a while, your child will get support that's personalized to their needs- helping them focus on where they need the most help.

Student-Approved Edutainment

They can explore their passions, learn new skills, and collaborate with other learners. We partner with notable experts and celebrity instructors to teach live large group classes ranging from art to coding to astronomy and beyond.

Study Support and Homework Help

Varsity Tutors is an extra helping hand when it comes to their academics. With self-study resources, essay help, and tutoring, they're always supported

Varsity Tutors for Schools

Frequently Asked Questions

How can my student log in to Varsity Tutors?

Students log in by going to their [INSERT DISTRICT SSO & LINK] and selecting the Varsity Tutors icon.

What can you ask tutors to help with?

No question is too big or too small. Tutors can help you tackle a homework problem, prepare for a big exam, outline a paper, and so much more.

How can my student start a tutoring session?

- Students log in by selecting the Varsity Tutors icon in their [INSERT DISTRICT SSO & LINK][
- Upon login, students select Tutoring from the Home screen.
- To start a Live Chat tutoring session, they select Chat with a Tutor, choose a subject, and submit a question.
- Using the shared whiteboard and collaborative tools, they work with the tutor for as long as they need to understand the problem.

What subjects can my students get help with?

Unlimited, on-demand tutoring is available across all core subjects.

What languages do tutors support?

Tutors can provide instruction in English and Spanish.

How can students work with tutors during a tutoring session?

Students and tutors collaborate on a shared whiteboard with integrated tools, including a document editor, scientific calculator, file sharing, screen sharing, photo snap, and upload.

Who are the tutors?

- Students work only with experienced educators and tutors who have been rigorously vetted. Before a tutor ever meets with a student, they must first:
- Complete an interview to assess experience, skillset, capabilities, and personality.
- Lead a simulated tutoring session to showcase subject-specific knowledge.
- Demonstrate their ability to instruct in a virtual environment.
- Get ranked and scored against our industry-leading quality standards.
- Pass academic and personal background checks.

Can my student submit written work for review?

Yes. With Essay Review, experts in grammar and composition provide that all-important extra set of eyes to help you improve your writing and submit more thoughtful work. Students get feedback on essays, term papers, reports, admissions essays, and more.

What classes are available to my student?

Students can engage with fun and educational classes including a wide variety of live, drop-in classes and hundreds of star-taught, on-demand lessons. Students can explore their passions, learn new skills, and collaborate with other learners. We partner with notable experts and celebrity instructors to teach live large group classes ranging from art to coding to astronomy and beyond. Examples include classes taught by renowned scientists (Bill Nye), NASA astronauts (Leland Melvin), Wildlife experts (Coyote Peterson), and museum directors (Field Museum).

What study resources are available to my student?

Adaptive diagnostics help them learn where they need to focus and provide a learning plan that serves as a personalized roadmap to improvement. Instructional videos and practice problems will help students master challenging skills at their own pace
