

Greetings Academies of Loudoun **SENIORS** and families,

On November 10th the LCPS School Board approved the LCPS Return to School timeline for “Stage 3”. The current plan for Stage 3 includes a hybrid instruction start date of **December 1st** for seniors enrolled in the AET and AOS programs (that selected hybrid as their learning preference for 1st semester). Beginning December 1st there will be slight changes for ALL seniors. Specifically, both hybrid and DL will be 50% hybrid in-person OR DL (depending on the selection made) and 50% asynchronous.

Please keep these important details in mind:

All Academies families were able to make two selections for 1st semester – one was the **Academies preference** and one was the home high school preference. If you selected hybrid learning as your preference for the Academies, your classes would begin hybrid instruction here in the building on December 1st. If you selected DL as your preference for the Academies, you will continue in DL. All selections made this summer are binding through the end of first semester and cannot be modified. Later this month families will be resurveyed to make their selections for semester 2.

Here are some specifics for Academies hybrid and DL:

Distance Learning at the Academies

The table below summarizes what an Academies student schedule will look like in the Distance Learning option

- A-day Academies students will dedicate both A days to their Academies advisory and coursework (one day synchronous DL and one day asynchronous online)
- B-day Academies students will dedicate both B days to their Academies advisory and coursework (one day synchronous DL and one day asynchronous online)
