Get "Ready" with ReadyUP

ReadyUP was created as an outcome of the Ready Schools Grant design thinking process where MCCSC received input from over 650 stakeholders including parents, students, teachers, and community members regarding preparing all our students, PreK-12 to be college, career, and life ready when they graduate from high school. As a result of the process, we developed five focus areas: Project-Based Learning (PBL), STEAM & Hands-On Learning, Career Awareness, Entrepreneurship, and Community & Industry Partnerships. Now, when you see the ReadyUP logo, know that it is a program/event committed to making sure students are prepared and "Ready" for college, career, and life success.
