Dear Families and Faculty,

Today we learned that a member of the Ridgefield High School Community tested positive for COVID-19. This individual was in the RHS building while potentially infectious to others on Monday, January, 11th. We cannot rule out in-school transmission in this case.

We also learned that another member of the RHS community is presumed positive and was in the building while potentially infectious to others on Monday, January 11th and Tuesday, January 12th. Contact tracing for these cases is underway.

The RHS community will hear from Dr. Greenwood after contact tracing has been completed.

I have conferred with Town of Ridgefield Health Director, Ed Briggs, and RPS Medical Advisor, Dr. James Ahern about these cases.

Please wear a mask, wash your hands, and keep your distance.

In partnership,

Aaron

Aaron Crook, RN  
COVID-19 Health and Safety Compliance Liaison  
Director of Nursing Services
