

July 2023

Dear Central Bucks High School East Community,

My name is Scott Lisher and I am delighted to announce to you that I will be joining the Central Bucks East community and Administrative team as the new Athletic Director this school year. I am excited to join the CB East family and community and get to know our staff, student athletes and families. I want to take a moment to thank Dr. Watters, Dr. Hadfield, Mrs. DeRosier, Mr. Boyle, and Mr. Donovan for trusting me to lead the athletic program. CB East has a tremendous reputation for success both in the classroom and in athletics. It is my personal goal to ensure that these successes continue.

A little about me....

I graduated from Temple University in 2000 with a Bachelor's Degree in Kinesiology with a concentration in Athletic Training. I went on to earn a Master's Degree in Higher Education Administration from Rowan University in 2002. I come to CB East after serving as the Head Athletic Trainer at Council Rock South for the past 21 years. During that time, I also was also involved in the many facets of athletic administration at CR South. My mission at CR South, which will continue at CB East was to help create a positive, enriching, life experience for students participating in educational athletics.

My wife, Leslie, and I live in Newtown with our 2 sons, Rohn and Theo. Rohn will be 6 in August and is starting 1<sup>st</sup> grade in September. He is very active in soccer, flag football and baseball. Theo is 2 and now coming into his own. He is following his older brother and always on the go. Our children are our lives and I love to spend as much time as possible with them. Whether it is a neighborhood walk with our dogs, time in the pool together or reading books at bedtime, maximizing our family time is the most important thing to us as parents. There is a good chance you will see them visit me often at home games during the year. In my free time, which is limited with 2 young children, you can usually find me on the sidelines of Rohn's games. I have begun coaching our son Rohn's baseball and flag football, which has been a rewarding experience for me. I also enjoy

playing a round of golf here and there, lacing up the skates to play ice hockey and traveling to Vero Beach, Florida to enjoy some relaxing beach time.

I am committed to developing relationships with our coaches and student athletes, while working with them to ensure they have the resources and support that they need to be successful both on and off the field. Athletics are an extension of the classroom, and we need to be committed to making ourselves 1% better each day, regardless of if we are in school or on the field. My passion for making a positive difference in our student athletes' lives is what keeps me going and is at the root of everything I do.

I am excited to get to know each one of you throughout the year. Whether you are a JV player, a senior captain, a booster club member, parent, or a community member, developing relationships is a key to success. If you see me

out on the field, in the gym or out in the community, please introduce yourself to me. Your support and involvement are a huge part of why CB East Athletics have been successful, and we need to keep that success growing. I look forward to learning more about CB East Athletics and how we can help develop and take it to the next level. This is an exciting time for me and I am eager to begin my journey with you as a CB East Patriot. I look forward to and wish you a very successful 2023-2024 school year.

Go East!

Sincerely,

Scott Lisher

Director of Athletics
