

May 18, 2020

Dear Members of the Class of 2020 and families,

I hope this letter finds you and your family well. I am writing to you today to invite the members of the senior class to participate in a vehicular “Last Lap” on Friday, May 22, 2020 at 5:30 p.m. We are creating a last lap for the members of the class with the assistance of the Andover Police and Fire Departments as another way to honor the Class of 2020 on what would have been their last day of classes at Andover High School.

Parents and families are invited to line the streets along the last lap route, providing they follow all of the social distancing protocols that have been established by state and local authorities. We are inviting APS faculty and staff to campus for the event, therefore we are asking that parents NOT come to the West Middle/Andover High School Campus during the last lap.

We are asking the class to arrive at Brickstone between 5:00 and 5:30 p.m. You will be lined up in the order you arrive so that we can leave the parking lot at 5:30 sharp.

Please note that seniors should remain in their vehicles at all times and should only be with family members or others living in their homes. Social distancing protocols will be strictly enforced. Students must remain in their cars throughout the last lap and are not allowed to hang out windows, sit on car doors, or be in the beds of pickup trucks. It is important that this event take place in a safe manner.

At 5:30 the last lap will leave the Brickstone Office Complex led by public safety vehicles. The last lap begins at the Brickstone Office Complex, which is at the north end of York Street. Students will drive south on York Street and turn right and travel west on Haverhill Street (Rte. 133) to the intersection with North Main Street (Rte. 28). Vehicles then will turn left and travel south on North Main Street, traveling to Stevens Street where they will turn right and travel southwest on Stevens Street towards campus. At the end of Stevens Street, the last lap will turn right and drive west on Shawsheen Road, and finally the last lap will turn left onto campus and proceed counter-clockwise around AHS. Once the last lap is complete students will leave campus via Moraine Street.
