The What, Why, and How:

The Herricks High School Summer Writing Program is an opportunity for students motivated in the world of English Language Arts to develop their writing through immersive and innovative online classes and additional activities with guest speakers. Students at all skill levels will explore genres such as poetry, fiction, and nonfiction during the course of the week, craft their own creative work, and share with their peers. The goal is to engage the imagination and to live like a writer for a short while. Registration is \$150 through [MySchoolBucks.com](https://myschoolbucks.com) (deadline 06.01.22)
