

7-Day Racial Equity Challenge

Elementary Edition

Spend 7 days with your children reading, listening, engaging, and reflecting—and hopefully become inspired! Challenge your family to read a book about racial equity each day and discover ways to deepen your connection to our community.

The [7-Day Equity Challenge website](#) provides access to a curated collection of materials as well as a discussion question for each day.

These incredible resources can be found in [PAUSD elementary school libraries](#) in print or [digitally](#) or from our partners at the [Palo Alto City Library](#).

If you want to read an ebook edition, here are some tips:

- 51 titles from the list are available through [MackinVIA](#), PAUSD's elementary ebook platform.
- To log in, search for PAUSD, then choose your school from the list.
- The user name is student ID number (950...).
- The password is the 8-digit student birthdate (MMDDYYYY)—unless the birth month is January - September, then drop the first zero from the password. (ie: 02142008 or 12032008)
- You are able to read the books without checking them out. This allows multiple families to access the book simultaneously.
