Contact from your Teacher

As the new school year approaches in June, a Method Schools teacher will email you between June 17-19th with specific info on when and how to start. School starts on July 1, but students can request to start earlier by letting their teacher know.

> Welcome to Method! 2020-2021

I will be your teacher at Method Schools. My job is to help you successfully understand the material presented to you in your course. I can assist you with SmartFox login issues, test preparation and/or test resets, and anything else directly related to your coursework. I am not able to help with computer related technical issues.

Online Orientation

I will be holding 2 orientations on 7/1/2020 at the following times: <u>10 AM/1 PM</u> in my <u>Zoom Room</u>. If you are unable to make it to either of these, I will send you a recording of the session you can watch at your convenience.

Online Classroom Access

You should have received a separate confirmation email for the courses in which you are enrolled. If you believe your enrolled courses are incorrect, please contact me immediately. Login credentials and the online course website address are found within your registration emails. You have the same login for all courses. You cannot access your academic courses until 07/01/2020 if you need to begin earlier, please contact me or the enrollment team at Method Schools.

You and a parent or guardian must also sign the MA (Master Agreement) before SmartFox will allow you to begin courses. If you have not already done so, be sure to complete the Method Schools Orientation course. This is an introduction to our online platform, and will help you become comfortable with navigation of your online courses, submitting assignments, creating your daily schedule, etc. *This is a mandatory courses and must be completed before you begin your requested courses*.
