

Middle school-age students can expect unforgettable fun at the **Gateway Academy Summer Day Camp**. Incorporating innovation and fun with meaningful experiences, Project Lead The Way and the Society of Manufacturing Engineers Education Foundation collaborate to prepare students for the rigors of high school science, technology, engineering, and mathematics (STEM) classes.

Through the Gateway Academy Summer Day Camp, students experience robotics, aeronautics, computer-aided design, and much more.

Students develop skills such as:

-  **Critical thinking**
-  **Creative problem solving**
-  **Successful collaboration**

The Gateway Academy Summer Day Camp utilizes PLTW's project-based, hands-on, and real-world problem solving approach to STEM learning. All Gateway Academy instructors are professionally trained and certified to teach PLTW courses and nurture campers' passion for technology, creativity, and learning.

Moms and dads, if your child is entering grades 6 – 8 this fall, mark your calendar!
