

### College Heights COVID-19 Policy

Please review and be familiar with our current COVID-19 policy.

This policy prohibits certain individuals and their households from entering the center following confirmed or suspected exposures and after travel to restricted areas.

---

#### EACH CHILD ARRIVING AT THE CENTER WILL UNDERGO A DAILY HEALTH SCREEN:

To accomplish the health screen there will be staff members in the front lobby.

Families are asked to allow 6 feet of distance between one another while waiting for their health screen by following the ground markers. Adults must wear a face covering.

- A staff member will take the temperature of the child.
- Any child with a fever of 100 F or above will not be permitted to enter.
- The parent will be asked a series of health related questions to assess the child's health status.

Once a family has completed their health screen, a designated staff member will escort the children to their classrooms.

#### AT PICK UP:

- Parents will contact the school prior to arrival (404-370-4480).
- Staff will then go and bring the child from their classroom to the front desk.
- When a child is being picked up because they or their parents are ill, the parent should not come into the center, a staff member must bring the child outside to the authorized pick up person.

We thank you for your partnership and patience in upholding our policies and protocols to help us keep everyone safe.
