

# CORONADO HIGH SCHOOL HOME OF THE COUGARS

We've been really happy with Coronado. It's large enough to provide a fully customized educational experience, yet small enough that kids feel seen and a part of the school.  
~ Carla S. (parent)

LINK Crew

# 5 CSML CHAMPS

- Boys' Golf
- Boys' Soccer
- Boys' Tennis
- Girls' Volleyball
- Boys' Cross Country

Coronado is the only high school in Colorado Springs to host an annual Homecoming Parade, proudly supported by the community, students, staff, and its alumni.

CHS was the first good impression I got of a high school. It was structured, had an academic curriculum with guidance, and the campus was easy to navigate. I've been able to do so many things that I thought I couldn't do because I was an outsider at first. ~ Sam H. (senior)

# PERFORMING ARTS

Originally I came to Coronado because I knew other people coming here, but I ended up making a lot of new friends and I'm glad I stayed. It's welcoming and I got pulled into things like Yearbook and Theatre, and I'm glad I did! ~ Kali S. (junior)

# 1

# Ten Great Reasons to Choose CORONADO HIGH SCHOOL

I heard good things about the Coronado programs and liked how many classes, clubs, and sports options there were. Honestly, it's even more welcoming than I thought it would be, and that makes it easy to try new things. ~ Evie K. (junior)

Coronado constantly analyzes course offerings in order to stay relevant and prepare students for career and college readiness. Class selections are student-driven during registration in January, providing a diverse and challenging range of academic courses: Computer Science, Business Marketing, Engineering, Construction Pathways, Drones, Dance, and Outdoor Expeditionary Science, to name a few. Coronado's the place to be!
