## KEYS TO SUCCESS

We are excited to be partnering with Keys to Success! We want all students to create a Keys to Success Account, interact with the app, apply for scholarships and set academic goals with your teachers and counselors to earn points to redeem prizes.

As the leading College & Career Readiness tool for the state of Utah, the Keys to Success program motivates students to unlock their future by connecting them to scholarships, internships, and careers. With more than 80,000 users and hosting over \$160M in scholarships, Keys to Success serves as a one-stop-shop for Utah resources. The Keys to Success app motivates its high school, middle school, and adult users to unlock their future by connecting them with educational pathways and workforce development.

As students explore these opportunities, they gain points towards prizes from local sponsors, providing them with a short-term incentive to prepare for their future. Partnered with the Utah State Board of Education (USBE) and Utah System of Higher Education (USHE), the Keys to Success app content is tailored to support students, counselors, and administrators across the state.

At Keys to Success, we are dedicated to protecting students' privacy. When a student signs up for Keys to Success the only information we gather is their Name, Email, School, Graduation Year, Parent Email, and then Gender (can specify "Other" if they do not want to disclose). We have taken every security precaution to secure our data to ensure privacy and protection for your student.

For more information, please visit [ktsutah.org](http://ktsutah.org). Contact Jennifer Riches, Cottonwood Keys to Success Coordinator, with any questions, [jriches@graniteschools.org](mailto:jriches@graniteschools.org).
