Registration Deadline: 2/26/2022

Enroll at:
KansasCity.MadScience.org

Mad Science of Greater Kansas City
Phone: 913-888-8877

2022 Spring - System 2-8: Lights, Sights, and Sound

Harnessing Heat

Learn what heat really is, warm sand kinetically, confuse your senses in a temperature test, and build a thermometer.

Lights, Color, Action

What do fireworks and astronomy have in common? Light! Explore the color spectrum with prisms and diffraction glasses that blend colors to produce white light..

Magnetic Magic

Students will examine magnets up-close and at work, observing their behavior and their uses. They will be involved in activities which will let them explore the relative strength and properties of magnetic fields.

Mission Nutrition

Hands-on experiments to improve children's understanding of how food fuels our bodies, and how to look at food to get to a healthy diet.

Optical Illusions

Students explore the physics of optical illusions, and how our eyes can trick our brains.

Sonic sounds

Demonstrations show the relationship of vibration to sound. Students produce and transmit sounds with a variety of materials, and change their voice waves using a digital voice machine.

Tantalizing Taste

How do we taste things? Do things taste the same to everyone?

Watts-Up

Children make feathers levitate, hair raise and sparks fly as they explore the properties and behavior of static electricity.

DON'T DELAY... ENROLL TODAY!
