

Hello Hillcat Parents and Guardians,

Hillsboro-Deering utilizes an electronic medical record called SNAP health portal. A student's health portal information must be updated every year. Yearly updates include contact information and over the counter (OTC) medication permissions.

Please find instructions to help you navigate the portal on p.2-3 of this document.

### Stay Connected to Your Child's Health

The SNAP Health Portal connects you to your child's school health clinic to optimize their health and well-being. Since communication is fundamental to preventative care, the health portal expedites the exchange of information in a fast, meaningful, and secure way. With convenient 24-hour access from your computer or mobile device, you can easily review and update critical health information, electronically sign and submit forms, review screening results, submit vaccine records, authorize OTC orders, upload medical documents and much more! Automatic email notifications immediately alert you when new information is available.

Encrypted transmission protects all data from exposure and meets the highest security standards, ensuring health information is always kept safe and confidential.

### Health Portal Highlights

- Secure login & encrypted data transfer
- Simplified forms with e-signatures
- Easily update health information as it changes
- Upload doctor's orders, physicals, vaccine cards, etc.
- Reminders for important health information
- Share information with other providers
- Direct messaging with the health clinic
- 24/7 web access from any computer/mobile device

*Look for an email from @studentehr.com that provides you with your user name and password.*

How to log into and update your students electronic medical record in SNAP:

Go to SNAP <https://www.studentehr.com>

**SNAP** HEALTH PORTAL

Welcome to the Student Health Records Online

**Login**

Enter e-mail address

Enter password [Forgot password?](#)

**LOGIN**

REMEMBER ME

The SNAP Health Portal offers access to your child's school health record which facilitates better communication with your school nurses by providing convenient 24 x 7 access from the comfort and privacy of your own home or office.

FERPA COMPLIANT | HIPAA COMPLIANT | STUDENT PRIVACY PLEDGE SIGNATORY

You should have received an email from @studentthr.com with a link to set up your students health record. If you did not get an email or do not remember your password enter your email and select "forgot Password" and SNAP will send you a reset password link through your email.

Demographics

This page displays basic student demographic information in your student's health record. The sections listed below may be edited unless restricted by the school.  
\* Some features may not be available based on district policy.

**Enrollment**

Grade: 09 | School name: Hillsboro-Deering High School

**Place of Birth:** | **Primary Language:**

**Race:** | **Ethnicity:**

**Primary Address:** | **Alternate Address:**

**Primary Phone:** | **Alternate Phone:**

**Insurance Information** [Edit]

Company: | Group Number: 1234567

Owner: father | Policy Number: 12345678a

**Permissions** [Edit]

I agree to give the school permission to...

Treat my child |  Transport my child in an emergency

**Do Not Release To the Following People:** [Edit]

COMPLIANT

Once you are logged into your students record you will be able to update information and communicate with your school nurse through a HIPPA compliant and secure messaging system.

Please take the time to review your students' health record and update any information as needed. Be sure to select each category in the blue box on the left.

OTCs x

Anbesol Oral Anesthetic	Opt-Out
Aspirin, ASA	Opt-Out
Benadryl	Opt-Out
Bengay Original	Opt-Out
Caladryl	Opt-In
Hydrocortisone	Opt-Out
Motrin	Opt-Out
Neosporin	Opt-Out
Tums	Opt-In
Tylenol	Opt-Out
Visine Tears	Opt-In

Done

Under the medication tab, you will see a list of medications. These are the medications that are stocked in the HD health offices, but you must choose to opt-in for each medication you would like to have available for your student. No medication can be given without this consent!

 Messages  
 Forms

This page shows messages that you have received from and sent to the school health office regarding your child.  
 The envelope icon on the Health Portal banner will show the number of unread messages.  
 \*All messages sent to and from the school health office become part of your child's school health record and cannot be deleted.

**+ New**

**Medication count** (about 4 hours ago)

Could you please tell me how many more tablet of medication my student has in your office?

**inhaler** (10 months ago)

I have a new inhaler for you

x

You also can communicate and send messages directly to the school nurse. Simply select the green button and a message window will appear. Forms and letters can also be directly added to your students health record!

The school nurse team is happy to help you if you have any questions,
