SPOTSYLVANIA
COUNTY PUBLIC SCHOOLS

Dear Parents,

Spotsylvania County Public Schools remains committed to offering high quality instructional programs and unique, relevant learning opportunities for our students each summer. The programs are supported by dedicated staff and are targeted to meet the diverse learning needs of our students and community. Each educational opportunity provided is designed to actively engage students to maximize student success.

The 2019 summer session offers a variety of traditional courses and innovative enrichment opportunities intended to provide students with the resources needed for their continued growth and development.

Please review the summer school program guide and take advantage of educational opportunities that are aligned with the needs of your child.

For additional information or clarification, please contact your child's home school.

Sincerely,

S. Scott Baker, Ed.D.
Division Superintendent

Together, we prepare our students for their future.

Student Responsibilities and Rights

Summer school attendance is a privilege and, accordingly, students are expected to comply with the Spotsylvania County Public Schools Code of Student Conduct. Please refer to policy JFC at:
www.spotsylvania.k12.va.us.

Registration Dates

Elementary and Middle School Academic Programs

- Students are eligible to attend summer school if they meet specific criteria. Parents will be notified by school personnel, if eligible.
- **Parent Response Deadline is: Elementary - April 4, 2019 / Middle - April 15, 2019.**

Enrichment Programs for Elementary and Middle School

- Registration Deadlines:
 - Elementary Enrichment - registration forms must be received by May 9, 2019 to:
Courtland Elementary School
c/o Bookkeeper - Summer Enrichment Program
6601 Smith Station Road
Spotsylvania, VA 22553

Ursus Summer Latin Program - registration forms must be received by May 10, 2019 to:
Riverbend High School
c/o Mark Keith—Elementary Latin Program
12301 Spotswood Furnace Road
Fredericksburg, VA 22407
 - Middle Enrichment - registration forms must be received by May 9, 2019 to:
Massaponax High School
c/o Bookkeeper - Summer Enrichment Program
8201 Jefferson Davis Highway
Fredericksburg, VA 22407

High School Summer Learning Center

- Students are eligible to attend remedial summer school if they earn a cumulative average grade of at least 50% for the year in the course he/she wishes to repeat.
- Registration deadline for a new 100% virtual course is May 24, 2019.
- Registration deadline for a repeat course is June 4, 2019.
- Late registration will be **one day only**, on-site at each high school, June 5, 2019, from 2:00 - 6:00 p.m.
- **Registrations for any repeat course will be not be accepted after June 5, 2019.**

Driver Education Repeat

- Registration Deadline: June 4, 2019 - Registration is to be turned in at the home high school. (Offered on a space-available basis.)

Please contact your child's current school for more information.

Program Information

This guide provides information pertaining to the Spotsylvania County Public Schools (SCPS) summer programs available for students completing grades K-12 during the 2018-2019 school year. Summer programs are available to SCPS students only. Registration for all programs must be handled through your child's home school or as otherwise indicated.

Refunds for tuition-based classes are only offered to parents/guardians who withdraw students prior to the start of a class (8th grade repeat, high school courses and enrichment only). See page 11 for refund information.

Elementary/ Middle School Remedial

Elementary and middle summer school remedial programs are school-based, focusing on meeting specific academic needs of identified students.

Enrichment Courses

These courses are noncredit and open to all students enrolled in grades 3-12 during the 2018-19 school year. Classes are limited in size. All summer programs are contingent on school budget approvals, as well as sufficient enrollment, staffing, and space. Program information may change. For the most current information, visit www.spotsylvania.k12.va.us.

8th Grade Repeat Summer School

The 8th grade repeat program provides intensive intervention for students who have completed their 8th grade year and who would benefit from additional support before entering 9th grade. Students must be recommended for this program.

High School Repeat Summer School

The high school program is based on the regular school year academic program. Repeat courses are offered for high school students in grades 9-12 who need to re-take a course for credit and Standards of Learning (SOL) remediation. Students must meet prerequisites in order to be eligible for enrollment.

Transportation/Meals

Transportation is provided by the school system for students living in Spotsylvania County attending most summer school programs. The chart below indicates how to find bus information for each program.

Meals will be available through the school cafeteria during academic and remedial summer school programs. If your child receives free or reduced price meals, these benefits still apply during the summer programs. Please see the chart below for services that are available for each program.

Program	Transportation	Breakfast	Lunch
Elementary Academic	Information is distributed the week of April 4	Available (free/reduced priced meals for qualified students)	Available (free/reduced priced meals for qualified students)
Elementary Enrichment	No transportation provided	N/A	N/A
Middle School Remedial	Parents are notified by phone by the home school	Available (free/reduced priced meals for qualified students)	Available (free/reduced priced meals for qualified students)
8th Grade Repeat	Call your home school for bus information	Available (free/reduced priced meals for qualified students)	Available (free/reduced priced meals for qualified students)
Middle School Enrichment	Call your home school for bus information	N/A	N/A
High School Repeat Course	Bus information available at home school upon registration	Available (free/reduced priced meals for qualified students)	Available (free/reduced priced meals for qualified students)

Elementary Academic

Program Information

SCPS is offering a three week language arts and mathematics academic intervention program for elementary school students from **June 10 – June 27, 2019**. The 2019 elementary summer school programs will be in session Monday through Thursday from 8:30 a.m. to 1:30 p.m. Elementary summer school will take place at five sites. If your child's elementary school is not one of the host sites, your child will be transported to one of those sites. These programs will provide intervention and instruction for students enrolled in grades K-5 during the 2018-2019 school year.

Instruction will focus on language arts and mathematics skills. Students will attend summer school for 12 days. SCPS is providing this program at no cost. Classes will be organized based upon the number of student applications returned. Further information may be provided by contacting your child's home school.

Student Expectations

Students are expected to attend school regularly and adhere to all rules and policies established by the division and the summer school sites.

Registration

Elementary students identified for summer school will receive their invitation after April 4, 2019. Parents must follow instructions that accompany the invitation to register their child in the Elementary Summer School Program. If you are unable to take full advantage of all 12 days of this opportunity, please return the form indicating that your child will not attend.

Please contact your child's school for questions regarding registration. Applications will be processed on a first-come, first-served basis. Students will be enrolled in their last grade completed during the 2018-2019 school year.

Transportation

Transportation information for elementary school students will be communicated to each registered student with a confirmation letter prior to the first day of classes. Transportation will be provided to all host locations. No requests for changes will be accepted after April 18, 2019.

Special Permission Transfer

If your student is permitted to attend an alternative elementary school outside of their attendance zone during the school year this special permission does not necessarily extend through the summer. Special permission is granted to students who have followed the procedures and met the criteria according to School Board policy. Please check with your child's school to determine if this impacts your summer school location. For more information about special permission transfer, please visit <https://specialpermissions.spotsylvania.k12.va.us>

Extended School Year (ESY): Elementary School for Students with Disabilities

Program Information

Extended School Year (ESY) refers to special education and related services beyond the instructional calendar year for students with disabilities. Determinations for the appropriateness of ESY must be made by the student's IEP (Individualized Education Plan) team. ESY is a set of activities designed to assure maintenance of previously learned skills that would be significantly jeopardized if the student did not receive ESY services.

Legal Requirement

Educators have a responsibility for development and delivery of a Free Appropriate Public Education (FAPE). IDEA (Individuals with Disabilities Education Act) defines FAPE as special education and related services that are provided at public expense in accordance with an IEP. ESY services may be provided as a part of the plan to provide FAPE.

IEP Team Considerations for ESY Participation

A student's IEP team must take into consideration several factors in determining a child's need for ESY Services. Determinations are made on an individual and yearly basis:

- The likelihood of significant or substantial regression of previously learned critical life skills from the current IEP.
- Limited or delayed recoupment of skills after services resume for the regular school year.

Please Note:

ESY services are separate from Summer School programs offered by SCPS. Students with disabilities are eligible to participate in summer school programs if they meet the criteria outlined.

Session Detail

- June 10 - July 18 (July 4th Holiday)
- Monday through Thursday
- 6-Week Session

Times

9:00 a.m. - 1:00 p.m.

Locations

- Elementary - Courthouse Road Elementary School
- Gateway Academy, JJWEC

Policy on Non-Discrimination on the Basis of Disability

The Spotsylvania County Public School Division does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities. The Office of Student Support Services, 8020 River Stone Drive, Fredericksburg, Virginia, 22407, has been designated to coordinate compliance with the non-discrimination requirements contained in Section 35.107 of the Department of Justice regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided there under, is available from the ADA coordinator.

Middle School Academic

Program	Locations	Sessions	Day/Times
MS Remedial (rising 7th & 8th students only)	BMS & ChMS at ChMS POMS, SMS, & TMS at TMS FMS & NRMS at FMS	June 10 through June 27	Monday through Thursday 8:00 a.m. - 12:00 p.m.
8th Grade Repeat (selected students)	Massaponax High School	One Session June 10 through July 2	Monday through Thursday 9:00 a.m. - 2:30 p.m. Early Release on July 2 9:00 a.m.-12:00 p.m.

Middle School Summer Academy Program

The middle school summer academy program serves rising seventh and eighth grade students and is based at three middle schools, Chancellor, Freedom, and Thornburg. The program focuses on Math and English skills with a concentration on preparing students for the next academic school year. The program will be held Monday through Thursday, 8:00 a.m. - 12:00 p.m., one 12-day session. Tuition is not charged for this program.

8th Grade Repeat

Eighth grade students needing additional intervention and who would benefit from added support in English and Mathematics before entering 9th grade may enroll in summer school. The program will be held at Massaponax High School, Monday through Thursday, 9:00 a.m. - 2:30 p.m., one 14-day session (early release on July 2, 2019, 9 a.m. - 12 p.m.).

Course offerings are dependent upon the availability of qualified instructors and sufficient enrollment. Tuition for eighth grade summer school is \$125.00 per session.

Information will be coming from your child's home school. If you have any questions, please contact your child's home school.

Policy on Non-Discrimination

The Spotsylvania County Public School Board is committed to a policy of nondiscrimination with regard to race, color, sex, age, religion, disability, national origin, or status as a parent. This attitude will prevail in all of its policies concerning staff, students, educational programs and services, and individuals and entities with whom the Board does business.

Extended School Year (ESY): Middle School for Students with Disabilities

Program Information

Extended School Year (ESY) refers to special education and related services beyond the instructional calendar year for students with disabilities. Determinations for the appropriateness of ESY must be made by the student's IEP (Individualized Education Plan) team. ESY is a set of activities designed to assure maintenance of previously learned skills that would be significantly jeopardized if the student did not receive ESY services.

Legal Requirement

Educators have a responsibility for development and delivery of a free appropriate public education (FAPE). IDEA (Individuals with Disabilities Education Act) defines FAPE as special education and related services that are provided at public expense in accordance with an IEP. ESY services may be provided as a part of the plan to provide FAPE.

IEP Team Considerations for ESY Participation

A student's IEP team must take into consideration several factors in determining a child's need for ESY Services. Determinations are made on an individual and yearly basis:

- The likelihood of significant or substantial regression of previously learned critical life skills from the current IEP.
- Limited or delayed recoupment of skills after services resume for the regular school year.

Please Note:

ESY services are separate from Summer School programs offered by SCPS. Students with disabilities are eligible to participate in Summer School programs if they meet the criteria outlined.

Policy on Non-Discrimination on the Basis of Disability

The Spotsylvania County Public School Division does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities. The Office of Student Support Services, 8020 River Stone Drive, Fredericksburg, Virginia, 22407, has been designated to coordinate compliance with the non-discrimination requirements contained in Section 35.107 of the Department of Justice regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided there under, is available from the ADA coordinator.

High School Academic

Registration and Tuition

Please register early. Enrollment information will be crucial to determine whether or not a class will be held. If you are unsure as to whether or not your child needs to take a repeat course, please contact your child's school counselor.

Incomplete registrations will be returned to the parent or guardian and may delay or prevent registration if the deadline has passed.

Cost: \$125 for a repeat course
\$325 for a new course

Acceptable forms of payment are cash, money order, personal checks or bank-certified checks. Tuition is non-refundable if a student is dismissed due to absences or discipline. Refunds will only be given if the parent/guardian withdraws the student prior to the first day of class. Approved refunds may be obtained from your child's home school before summer school begins; from Massaponax High School DURING summer school; or from your child's home school AFTER summer school ends.

Only those students who are enrolled in SCPS will be allowed to attend summer school.

Registration Begins: April 15

Late Registration: June 5 at each high school from 2:00-6:00 p.m. No registrations will be accepted after this date.

Session Detail

- New Course (Online Only): Register by May 24 and must be complete by July 15
- Repeat Courses (One Session Only): Monday, June 10 - Tuesday, July 2 (early release at noon on July 2)

Times

- 9:00 a.m. - 2:30 p.m. (All courses)

Location

Massaponax High School

Attendance Requirements (excludes virtual courses)

Students may not miss more than three days. More than the allotted time missed will result in the student's dismissal from The Summer Learning Center and the former grade will remain. Students must successfully complete the course requirements to receive credit. Non-completion of a credit recovery course within the allotted 14-day session will result in no credit being awarded. Tuition is non-refundable if a student is dismissed due to absences or discipline. Three tardies or early dismissals will be counted as one day absent. Any student arriving after 10:00 a.m. or leaving before 12:25 p.m. will be counted absent for the entire day.

Requirement to Enroll in Repeat Courses

Students wishing to take a credit recovery/repeat course for credit must have a cumulative average grade of at least 50% for the year in the course in which he or she wishes to repeat or seeks remediation.

Courses offered are listed on page 12 and are contingent on sufficient enrollment, staffing, and budget approval.

Special Education Services

Special education services are offered for students with disabilities needing additional support in the high school academic program. These courses are not offered to non-SCPS students, and any student registering must have a current SCPS IEP.

Please contact your home school for assistance with course selection and registration. All forms must be turned into your child's home school guidance department with payment for the course or courses your student is registering.

Transfer Credit

Any SCPS high school student planning to take a class at another summer school outside of the county for the purpose of earning a unit of credit to transfer back to their home high school must receive prior written approval from his or her principal in order for the credit to be recognized.

High School Grading

Student grades will be calculated according to SCPS guidelines. Students enrolled in a new course who withdraw by July 1, 2019, may do so without receiving a grade penalty. Students who withdraw after July 1 receive a WF (withdraw failing) or WP (withdraw passing). A WF and/or a WP are considered failing grades.

Grade point average (GPA) is calculated on the basis of all courses for which credit has been earned or attempted, including repeated courses.

The Summer Learning Center at Massaponax High School

The Summer Learning Center consists of a blended learning model that includes credit recovery with teacher led instruction.

Credit Recovery Courses

The cost for this option is \$125.

To register for credit recovery/repeat classes at the Summer Learning Center, click on the following link: <https://goo.gl/forms/1DyQBPL655gAMPxh2>

By attending our Summer Learning Center at Massaponax High School, an opportunity exists for a student to retake a course in which he/she was previously unsuccessful in earning credit towards graduation.

Credit Recovery allows students who have completed seat time and calendar requirements to earn a credit based on competency of the content standards. Credit Recovery courses are complete courses containing all content for which the student will demonstrate mastery before receiving a grade.

Courses taken through this credit recovery program will be considered repeat courses. Students participating in credit recovery most often need only to recover their lowest semester average. The grades earned will be calculated in the student's cumulative grade point average.

Students may register for one credit recovery course. Students do not have to register separately for SOL testing for those courses that require an SOL test and/or industry certification. The test is given as a part of the course.

Credit Recovery Course Offerings:

Course	Code	SOL Test
English 9	1130	
English 10	1140	
English 11	1150	Yes
English 12	1160	
World Geography	2210	Yes
World History	2221	Yes

Economics & Personal Finance	6120A/B	IC*
PE 9/Health***	7300	
PE 10/Drivers Ed.**	7405	

*Industry Certification Test

**PE/Health courses are not a blended learning option. Other courses may be available based on facilitator availability.

***CPR training is available at no charge on Day 1/ June 10 only of the PE9/Health course.

New Courses—100% Virtual Courses

The cost for this option is \$325.

For rising 7th - 12th grade students who are interested in virtual coursework (a full credit course taken in a compacted timeframe) during the summer. This option requires access to a reliable internet connection and students should expect to commit 30-40 hours a week to this course.

Students and parents are encouraged to attend one face-to-face session on March 27, 2019, 6:00 p.m. - 7:30 p.m. or May 8, 2019, 6:00 p.m. - 7:30 p.m. in the Board Room at the Administrative Services Building. All other coursework will be completely online. Program dates are (ongoing) January 19 - July 15, 2019.

Students must register by May 24 for new courses.

More information and a registration form can be found at: <https://sites.google.com/spotsylvania.k12.va.us/spotsyonline/>.

Note: This is an intense, online program and 100% virtual. Learners will need to be highly motivated in order to succeed. Students can expect to spend an average of 3.5 - 4 hours per day everyday. Students will need to report to Massaponax High School to take their SOL and Industry Certification test. This date will be provided by their online facilitator.

Driver Education

A student may enroll in classroom driver education (a 6-day class) if he/she has passed 10th grade physical education, but failed the driver education portion of that class. The Driver Education class is offered as a repeat course during the first six days of summer school. The course begins June 10 and ends June 18. The daily schedule will be Monday through Thursday, from 9:00 a.m. to 2:30 p.m. The cost for Driver Education is \$70. Students must attend all classes to pass the course.

Virtual Course Offerings:

Course	Code	SOL Test

Extended School Year (ESY): High School for Students with Disabilities

ESY Program Information

Extended School Year (ESY) refers to special education and related services beyond the normal calendar year for students with disabilities. Determinations for the appropriateness of ESY must be made by the student's IEP team. ESY is a set of activities designed to assure maintenance of previously learned skills that would be significantly jeopardized if the student did not receive ESY services.

Legal Requirement

Educators have a responsibility for development and delivery of a free appropriate public education (FAPE). IDEA (Individuals with Disabilities Education Act) defines FAPE as special education and related services that are provided at public expense in accordance with an IEP. ESY services may be provided as a part of the plan to provide FAPE.

IEP Team Considerations for ESY Participation

A student's IEP team must take into consideration several factors in determining a child's need for Extended School Year Services. Determinations are made on an individual and yearly basis:

- The likelihood of significant or substantial regression of previously learned critical life skills from the current IEP.
- Limited or delayed recoupment of skills after services resume for the regular school year.

Please Note:

Extended School Year services are separate from Summer School programs offered by Spotsylvania County Public Schools. Students with disabilities are eligible to participate in Summer School programs if they meet the criteria outlined.

Session Detail

- June 10 - July 18 (July 4th Holiday)
- Monday through Thursday
- 6-Week Session

Times

- High - 8:30 a.m. - 12:30 p.m.

Locations

- High - Massaponax High School
- Gateway Academy, JJWEC

Elementary Enrichment Program Information

Elementary Summer Enrichment Programs

These camps provide enriching experiences and educational opportunities for rising 3rd through 5th graders.

Creative Cooking and Advanced Cooking will be capped at 20 students, all other courses will be capped at 15 students. Courses with less than 5 students enrolled will be dropped. Students who wish to take a course that is dropped will be placed in their second option if available. If their second option is not available, families will be contacted to choose another course. Students who enroll in SeaPerch MUST enroll in both sessions due to the nature of the course.

Location: Courtland Elementary School

Transportation: Transportation will be the responsibility of the parent/guardian.

Dates & Times:

1st session: June 10 - June 13, 2:00 - 4:00 p.m.

2nd session: June 17 - June 20, 2:00 - 4:00 p.m.

Lunch: Students will not have a lunch period.

Registration and Cost: Registration will be on a first-come, first-served basis. Applications will be processed in the order they are received.

Cost is \$100 per session. More information and the registration form can be found at the [SCPS Summer Enrichment Site](#).

Please complete the online registration form and then submit payment (check or money order) by Thursday, May 9, 2019 to:

Courtland Elementary School

Attn: Summer Enrichment

6601 Smith Station Road

Spotsylvania, VA 22553

Please be sure to include your child's name on the memo line.

If you have any questions, contact:

Holly Angel - hangel@spotsylvania.k12.va.us

Tiffany Breeden - tbreeden@spotsylvania.k12.va.us

Program Offerings:

Beginning Creative Cooking (offered 1st session only, rising grades 3-5):

Cooking can be fun! In this session students will work with measurement, follow recipes and create delectable treats! They will also create a recipe of their own and compile a mini-cookbook to take home. *Please consider carefully if your child has food allergies.*

Coding Dojo (offered 1st session only, rising grades 3-5):

Love all things computers, apps, and video games? Learn how to become a code ninja this summer! Students will learn the basics of coding through Blockly, a visual programming language. Complete challenges and earn digital badges as you level up your knowledge.

CSI Science Simulation (offered 1st session only, rising grades 3-5):

Students will become crime scene investigators as they solve a mystery that involves experimentation and intrigue. This mystery is both engaging and taps into higher level thinking as students learn to withhold judgment until all of the evidence is collected and analyzed.

Strategy Games With A Side of Chess (offered 1st session only, rising grades 3-5):

Let the games begin! Come on out and play and explore a variety of exciting games that tap problem-solving skills and creativity. Board games, strategy games, game apps, and computer games are all part of the fun. Students will learn to play chess, the game of Kings and Queens. Don't miss this unlimited gaming opportunity!

STEM Design Challenge (offered 1st session only, rising grades 3-5):

Do you like to work with a team to solve problems? Are you looking for fun, yet challenging activities? If this sounds you, then join us for STEM Design Challenges. In this class, students will complete a variety of design challenges from creating playgrounds to bridges, completing coding activities using Ozobots, and other design challenges. Join us as we learn, build, and collaborate on a variety of STEM Challenges!

SeaPerch 1 (1st session) & SeaPerch 2 (2nd session) (rising 5th grade):

Calling all rising 5th graders who are ready for the ultimate STEM submersible robotic challenge! Over an extended course that includes both summer enrichment sessions for a total of 8 days, students will build a remotely operated vehicle (ROV) complete with propellers, a motor, and all components of a submersible water vehicle that can maneuver underwater and perform agility tasks. This course is called "Sea Perch," and will provide students with a unique opportunity to learn basic engineering and science concepts along with tool skills as they build their vehicles.

Japanese Language Lab (offered 2nd session only, rising grades 3-5): Have you ever dreamed of living on the other side of the world? Have you ever wondered: What do they eat? Could I learn their language? What if I were an elementary school student in Japan: what would it be like? This session will explore both written and spoken Japanese. Students will use song, games, and maybe even food!

Advanced Creative Cooking! (offered 2nd session only, rising grades 3-5): This course is designed for students who have already participated in our Beginning Creative Cooking course. Students in this course will take on the challenge of following the directions or more advanced recipes and will learn to use specialized kitchen gadgets. Students will also create a recipe of their own to be “judged” by a professional chef. They will also compile a mini-cookbook to take home. *Please consider carefully if your child has food allergies.*

Lego/STEM Problem Solving (offered 2nd session only, grades 3-5): Join us for a fun week of investigating and problem solving using Legos! We will discover how to use Lego bricks and special components to create simple machines and moving parts. Students will develop teamwork and

communication skills while working together to build a model that will allow them to complete a challenge. Students will even use motors and remote controls to operate their inventions.

Environmental Engineering (offered 2nd session only, rising grades 3-5):

Do you like solving problems by designing and building things? Are you interested in engineering? In this interdisciplinary STEM course, students will become environmental engineers to solve a problem and work through the Engineering Design Process to design a functioning water filter. Our engineers will learn about the impact of human interaction with the environment, specifically water.

So Much Fun Scrapbooking! (offered 2nd session only, rising grades 3-5): Memories last a lifetime, and scrapbooks help us share those memories. Students will need to bring their own photos, and we'll supply the rest! You'll work with the instructor to learn the basics of designing scrapbook pages to keep and share your precious memories. Using theme, layout, and measurement skills, students will create beautiful scrapbook pages that will last for years to come!

Ursus Summer Latin Program

The Ursus Summer Latin Program is a week-long day camp for elementary school students. The program, which will be conducted in English, is designed for students who are interested in the culture and civilization of ancient Rome and who, when in middle and high school, may be interested in studying the Latin language. The focus of the program will be an introduction to the lives of the ancient Romans, including their art, entertainment, families, lifestyles, and military, and how we know about these things through surviving artifacts and archaeology. A strong component of the program will be an introduction to Latin, the language of ancient Rome and the Roman Empire. This “mother tongue” has had great influence on modern medicine, science, law, and literature, and also gave rise to the modern Romance languages including Spanish, French, and Italian, and of course had a tremendous influence on the English language. The students will be engaged in many hands-on activities including arts, crafts, role-playing, skits, and games. Class size will be limited to 50 students.

Prerequisite: Students must have completed the 2nd through 5th grade by the end of the 2018-2019 school year.

If you have any questions, please contact:
ursusoutreachprogram@gmail.com.

Location: Riverbend High School

Dates: Monday, June 3 through Thursday, June 6

Cost: \$60 per student. Checks should be made payable to Riverbend High School.

Daily Schedule: The program runs from 9:00 a.m. to 1:00 p.m., Monday through Wednesday. Thursday will run until 2:00 p.m. for the presentation of skits to parents.

Lunch: Lunch will not be provided but there will be a snack provided each day with a Roman banquet on Thursday.

Registration: More information and the online registration form can be found at the Riverbend Latin website at: www.riverbendlatin.com

Please complete the form and send it with the check by Friday, May 10 to:

Ursus Summer Latin Program
c/o Mark Keith
Riverbend High School
12301 Spotswood Furnace Road
Fredericksburg, VA 22407

Middle Enrichment Program Information

Middle School Summer Enrichment Programs

The Middle School 2019 Summer Enrichment Program is for rising 6th through 8th grade students. Class sizes will be limited to 20 students.

Location: Massaponax High School

Dates & Times:

1st Session: June 10 - June 13, 9:00 a.m. - 2:30 p.m.

2nd Session: June 17 - June 20, 9:00 a.m. - 2:30 p.m.

Lunch: Students will have the opportunity to purchase lunch.

Registration and Cost: Applications will be processed in the order they are received. We accommodate the first choice as much as possible but alternate choices may need to be considered. Please select your 1st and 2nd choice, if applicable. The cost for a course is \$150.

More information and the registration form can be found at the [SCPS Summer Enrichment Site](#).

Please complete the online registration form and then submit payment (check or money order) by Thursday, May 9, 2019 to:

Massaponax High School

Attn: Summer Enrichment

8201 Jefferson Davis Hwy

Fredericksburg, VA 22407

Please be sure to include your child's name on the memo line.

If you have any questions, please contact:

Tracie Short - tshort@spotsylvania.k12.va.us.

PLEASE NOTE

- Payment is due at time of registration.
- Course enrollments are limited to 20, at least 5 students must be enrolled for a course to be held.

Program Offerings:

Animal Dissection (Both Sessions)

Would you like to learn more about the animal kingdom? At Dissection Camp, we explore the anatomy and physiology of frogs, shark pups, clams, crayfish, starfish, earthworms, grasshoppers, and more through hands-on dissection. All students will have their own specimens to explore. Come be a part of this exciting opportunity!

Baking (Both Sessions)

Do you like sugar? In this class we will sugar coat everything! Starting with learning simple backing prep techniques to eloquent desserts like chocolate covered strawberries, cake pop creations, fluffy cupcakes, and many more all while making friends and enjoying all that baking has to offer! we look forward to seeing you there!

Creative Painting with Acrylics (Both Sessions)

This hands-on course will introduce students to the joy of expressing themselves through creative painting. No experience is necessary. The class will focus on supplies and basic techniques for getting started on a project. It will also provide students an opportunity to complete their own works of art to bring home daily! Students will learn how to mix paints and use water to alter the texture of the paint. Lessons will include: How to properly add shadows, highlights, and gradients to objects easily; Creating a wash on canvas and artist paper; Underpainting and Blocking-in, as well as other techniques. Student will build confidence in their abilities, get comfortable with a paintbrush, and overcome their intimidation of a blank canvas!

Design Challenges: Design it, Build it, Crash it, Launch it (Both Sessions)

This class will focus on using hands-on activities involving designing, building, and testing machines in order to solve real world problems. Can you build a shock-absorbing system that will protect two "astronauts" when they land? Can you move marbles without carrying them? Who can build the strongest bridge with the given materials?

ESOL Summer Program:

Music & Computers (Both Sessions)

Students will compose, arrange, and produce original music using Garage Band and Finale Notepad. They will learn about the history of electronic music as well as careers in the music business.

Robotics (Both Sessions)

Interested in constructing and controlling robots? In this course, students will learn to:

- Use the EV3 software and discover visual programming.
- Build MINDSTORMS robots that use motors.
- Program and use different sensors.
- Recognize gears and gear ratios.
- Problem solve and adapt to new challenges, while working creatively and collaboratively.

Students will work in cooperative teams while having fun building robots using the mindstorm kits. They will be utilizing the instructions, running missions to learn how to program, learning how these robots can be used in real life and competing in robotic mission competition with other teams in the class.

Strategy and Adventure Games (Both Sessions)

How would you like to...Conquer the world in Risk? Explore a new land in Settlers of Catan? Race across Europe by train in Ticket to Ride? Save the kingdom in Shadows Over Camelot? Battle swamp trolls in Small World? Build a great city in Citadels? Join us for a chance to play some familiar board games and learn the rules to some exciting new ones! Whether you would like to match wits with Zeus, clash with Julius Caesar on the field of battle, or create your own world and monsters to challenge your friends, if you love games and strategy this is the choice for you!

ESOL Summer Program Information:

The ESOL summer school program provides support for middle school and high school English Learners. The program will focus on English language development through literacy and numeracy. In addition, students will participate in hands-on activities and a field trip related to student learning. This program is for level I English Learners who are newly arrived in the 2018-2019 school year. Students must be recommended for this program. There is no cost for the student.

Session Detail:

June 10 - July 2 (Monday - Thursday)

Times:

9:00-2:30

Location:

Massaponax High School

Transportation:

Transportation information for middle and high school ESOL summer program will be communicated to each registered student through a confirmation letter prior to the first day of classes. Middle school students will ride the same bus as high school students.
