

JANUARY 24, 2025

THIS WEEK AT SKYLINE HIGH SCHOOL

EAGLE EATS

Eagle Eats will finally be here next Wednesday. What is Eagle Eats? It is the food area at the end of the main hall.

Times

6:35-7:35 a.m., lunch time, and eventually 2:00-2:30 p.m.

What is offered?

You can get breakfast or a la cart items. There will be a variety of drinks, smoothies, parfaits, chips, and more. They will offer what students and staff buy.

Payment?

Breakfast can be purchased similar to school lunch. The rest of the items are purchased with cash, credit card, apple pay (any tap pay).

Why eat here?

Because it will be delicious. It will also save you time to grab a snack or drink before school. You can get a better parking spot by coming earlier to enjoy what Eagle Eats has to offer.

A MESSAGE FROM MR. MCDANIEL

Last week I supervised our Boy's basketball game on Friday. It was entertaining to watch the team in action. It was also entertaining to watch our student section in action. While there may have been a cheer or two that I am not a fan of, I was impressed by the energy and unity of our student section. This is what high school sports is about—helping engage a student body in an experience that they will remember. It is a privilege to be the guy who gives the evil eye when a cheer needs an adjustment and a smile when I see an enthusiastic crowd bond over a 3-point shot.

SCHOOL COMMUNITY COUNCIL

Just a reminder that the Skyline School Community Council meets monthly on the second Wednesday at 6:45 a.m. Parents are always welcome. You can look on the Skyline website to learn more about what we do. The council includes several Skyline parents who are here to advocate for your students! We are grateful for their willingness to serve in this capacity.

DRILL TEAM MEETING COMING SOON

There have been requests this year to consider bringing the drill team back to Skyline. It is the only UHSAA activity that we do not do. In November a survey was sent to students from Skyline and our feeder junior high schools. The responses were not decisive either way. To get a better understanding of the interest level, we will host a meeting for interested female students in grades 8-11. We will email parents and students sometime in the next month with a date and time. I just wanted to provide an update of our process to determine whether the drill team will return.

PARKING

Please remember to adhere to all parking expectations. Students may not park in faculty parking on the west side of the building. They may also not park in faculty parking by the arts building. We are seeing some repeat offenders and, unfortunately, we will now revoke school parking permits for repeat offenders. We know that parking is a pain, but it's our pain and we must find a way to make this work for another year and a half.
