

6TH GRADE MATH CAMP

The WoodCreek Junior High math department is pleased to present a math camp for incoming 7th graders. The 4 offered sessions will be taught by WCJH math teachers in math classrooms. The camp session costs \$10 and only cash or checks made out to WCJH will be accepted. Registration is done only in person on Wednesday, May 23rd. Please see the back of this flyer for more information. Note: only one session will be offered at each time, so sign up is first come-first served.

Academic Math Camp

Camp will consist of a review of math concepts taught throughout the 7th grade school year. These objectives will help prepare students for the junior high math transition in the first 6 weeks of school. Math camp groups will consist of no more than 20 students per group. Choose one of the two session listed below.

You may sign up for one of these sessions:

Session #1 July 26th from 8:30 – 11:30 AM

Session #2 July 26th from 12:30 – 3:30 PM

Pre-AP Math Camp

Camp will consist of a review of math concepts taught throughout the 7th grade school year. These objectives will help prepare students for the junior high math transition in the first 6 weeks of school. Math camp groups will consist of no more than 20 students per group. Choose one of the two session listed below. (This camp will also include identified GT students.)

You may sign up for one of these sessions:

Session #3 July 26th from 8:30 – 11:30 AM

Session #4 July 26th from 12:30 – 3:30 PM

To save time when you come to register, please have the bottom portion filled out already

Cut this off and keep the top half
