

School Plan 2021-2022

Amelia Earhart Elementary

Principal: Ryan McCarty – ryanm@provo.edu

1. Briefly describe the School LAND Trust Plan by explaining each goal the council has identified.

Amelia Earhart Elementary's School Community Council and school personnel have worked closely together to determine the greatest academic needs for this school year and how the School LAND Trust money can best meet those needs. After reviewing our current progress we are using these funds to support reading, math, and writing by providing support to students through small group instruction, with the help of paraprofessionals. In reading and writing, these paraprofessionals will help by providing targeted instruction instead of students working independently while their teacher works with small guided reading groups. In this way, we feel that we are most effectively using the students' time. Paraprofessionals receive training and work under the direction of our Title 1 Coordinator. They use research-based programs (such as 95%, Wonder Works, and SPIRE) that are targeted to meet the needs of students based on how they do on reading screeners such as DIBELS. In addition, these paraprofessionals can work with other students who may need less intense help, but still need review or re-teaching on specific skills within the big 5 reading components.

In addition, we will be purchasing STAR Reading Assessment (about \$3,000) that allows for an efficient and effective measure (takes about 20-30 min and shows a strong correlate with SAGE). This Data provides additional progress monitoring along the way to make sure that the interventions we are using are working.

e. Does this goal include a behavioral/character education/leadership component?

YES **NO**

If Yes, Explain the behavioral/character education/leadership component and clearly describe how it directly affects student academic achievement.

How much money do you plan to spend on the behavioral/character education/leadership component? Expenditures must total no more than 20% of the distribution for 2015-2016 (excluding carryover) and may not exceed \$5,000.

Planned EXPENDITURES for behavioral/character education/leadership – Use the dropdown menu to select an expenditure category (***the categories are the same as in f below***). You may select more than one category. Then enter the amount you plan to spend in that category with a short explanation describing the expenditure and how it is part of the ACTION PLAN

f. Planned expenditures (***for all expenditures that are not included in part e***)

You may select more than one category for each goal.

For this template, highlight a category (or categories) from the list below. Then type the amount you plan to spend in that category with a ‘short explanation’ describing the expenditure and how it is part of the ACTION PLAN.

d. List the specific steps of the ACTION PLAN to reach this goal. Be sure to include a description of how each expenditure is part of the action plan.

Amelia Earhart Elementary's School Community Council and school personnel have worked closely together to determine the greatest academic needs for this school year and how the School LAND Trust money can best meet those needs. After this review, we have decided that the use of paraprofessionals during differentiated math instruction is what will make the most difference with student learning. These aides work with students who are on or above grade level, so as to allow teachers to work with the students who are below grade level and need interventions and remediation on specific math skills. We will also be purchasing and using Reflexmath web based program. This will specifically target math fact fluency in 3rd-5th grade, but can be used in other grades as needed.

Some years the distribution is larger than the estimate. Please explain how the school will incorporate additional funds into the plan described here. Please provide a clear and adequate explanation so that it will not be necessary to edit the plan if additional money is received.

We will purchase audio books as a supplement to help with our ESL, SPED, and other potential struggling readers to access comprehension, and improve fluency by following along in a book while listening. This is directly tied into goal #1
