

Creech University Board Game Drive

October 2 - October 12

Betty Sue Creech Elementary School suffered severe flooding damage from Hurricane Harvey. As a result, they are currently relocated and in need of games to occupy their students during "recess". Below are a list of games that each grade level would like. If the grade level is not listed, they did not give a board game selection. Please provide new, unopened games and drop them in the WCJH front office or Mrs. Ganther's room #1195. Thank you for your generosity! 😊
