Message from Recycle Club:

The 2nd Thursday of each month, the recycle club is open to the entire school. Our next open meeting is February 14th from 2:30-4:00. This is an opportunity to get community service on campus.

Library/Technology Corner

With the new semester in swing, this is just a friendly reminder that there is a Frequently Asked Questions page for some common technology questions from students. It is linked in the About section of the school Google Announcements page and can also be found by [clicking here](#). You may have to log into your school Google account to view some of the documents. Some of these questions may help with small issues while doing homework away from the school. Some of the issues include making sure the microphone is turned on correctly, being able to get photos from your phone to the laptop, and finding music to use in your school projects without worrying about copyright issues. Of course for larger technology issues, stop by the AVID Upstairs office to see me.
