MV Book of the Month Club

Dear Families,

We are excited to announce our Book of the Month Club, a school-wide reading initiative for all grade levels. Here's how you and your child can get involved:

How It Works

Monthly Books: Each month, we will highlight a new children's book. Your child can read it on their own, with friends, or together with you.

Reading Options: You can check out a limited number of copies from the school library or access the book in various ways

- Visit the public library
- Purchase a copy from Amazon or other book seller
- Download an electronic copy to a tablet or device
- Download an audio version to listen to

Brag Tags

- **Earn Rewards:** For each book read (September through May), students will earn an addition to their Reading Brag Tags.
- **Participation:** Students can read all 9 books or just the ones that interest them. Books will span different genres and formats, including fiction, nonfiction, chapter books, picture books, and graphic novels.

Monthly Gatherings

- **Events:** Each month, we will host a special gathering for students who have read the book. The event will include activities, discussions, a treat, and the distribution of brag tags.
- **Reading Required:** By signing up, you are committing to completely read the book by the meeting date. If your child has not read the book by the meeting date, they should not attend the meeting. Email jamie.reese@simivalleyusd.org if your child will no longer attend due to incompleteness of required reading.
- **When:** Meetings will be after school from 2:15-2:45. Please be prompt picking up your child at 2:45 on our meeting dates.

RSVP

RSVP: To attend the meeting, parents or guardians must complete the Google Form. Scan the QR code to the right or visit the **Mountain View Website** to access the form. Students not listed on the form will not be allowed to attend. We look forward to a year of great reading adventures!

Counseling Corner

NOVEMBER 2025

The holiday season is a great time to help children develop gratitude! Gratitude is when you feel thankful and appreciate the people, things, and moments that make life better. You reflect on how lucky you are when something good happens, whether it's big or small.

Research shows that children who practice gratitude:

- experience more positive feelings
- build strong relationships with friends and adults
- are better able to deal with challenges and disappointments

Tips for Families

- Model it- parents can share what they are thankful for out loud.
- Gratitude jar- children can write/draw one thing they are thankful for and collect them to read later.
- Write a letter to thank someone.
- Take a gratitude walk and point out things they are grateful for in nature.

I'm grateful for...
