What has been your favorite moment at ECHS so far?

My favorite moment at ECHS is being recognized for the student I am when I get awarded for the good grades that I receive. ECHS, in general, is a very friendly school with amazing people, so getting to spend time with friends on some events or activities that we have in the advisory is always something I am excited for.

What are your specific interests in or outside of the school?

Every Thursday, I stay after school for an hour for the recycling club, which I always look forward to because I get to spend time with my friends and do a good thing in a fun way.

What are your post-high school plans?

My post-high school plans are to graduate with a 4.0 or higher GPA; I already have a few colleges that I am accepted to so I can decide where I want to go and be sure of what major I want to choose. Aside from that, I want to keep a job so I can help pay off college and save some up.

What are your favorite clubs or community service opportunities?

Recycling Club and National Honor Society are my favorite clubs and ways to get my hours in a fun way.
