KINDNESS MONTH AND UPCOMING FUN

BY HEATHER FEINAUER - PTA PRESIDENT

February is National Random Acts of Kindness Month, making it the perfect opportunity to reinforce compassion and empathy in your child. Please guide them to look around and see what they can do to brighten someone else's day by doing something kind. This is a wonderful month with Valentine's Day coming up to focus on the love we can give to others through acts of service, thoughtfulness or kindness. Let's help our kids focus on others and encourage them to act from the heart this month.

We have some other fun things starting up this month that you should be aware of. Meet the Masters will be back in the classrooms and we are so excited! The students learn about an artist - their life, their art and the techniques they used, then they get to practice some of those techniques and create their own art work. The students will be learning about Mondrian this month. Teachers will be sending out emails asking for volunteers. Volunteers are so important to the success of this program so please sign up quickly so the teachers don't need to do it alone.

We are also in the planning stages of some sort of play production! We are not sure what it will look like with our current guidelines, but watch for more info and a survey we're sending out. Please respond ASAP, we are trying to move forward with this quickly.

We are continuing to work on next year's PTA Board. If you are interested in being involved at your children's school, please come and join us and be a part of something amazing!! We are currently accepting names for those who are interested in helping with any Executive Board positions. If you are interested in getting more information about any of these positions or would like to be considered, please email us at wbountifulpta@gmail.com. It takes a lot of hands to do all that we do and it is the most rewarding job! Thank you all for being kind and looking outside of yourself for ways to help others, it's an amazing feeling to make someone happy!
