

# classroom bee

It's officially bee season! The first competition of the year will be a classroom spelling bee for all third, fourth, and fifth grade students held the week of November 6th, 2023. You can help your child prepare by reviewing the 50-word study list at his or her individual grade level. The classroom spelling bee will begin with these words, but as the competition advances, words that students have not had the opportunity to study will be included. The top speller from each classroom will advance to the school spelling bee which will be held in the DLE café on December 12<sup>th</sup>.
