

WEEKLY NEWSLETTER

Laundry Bag Donations

It is a tradition at CSI to present each Senior, at the Senior Banquet, with a laundry bag filled with items, preparing them for their next adventure. With all the senior events and costs, we ask that the Freshman, Sophomore and Junior parents donate the items for the current graduating class. This way, you can sit back and enjoy your Senior's celebration.

There are approximately **80 graduates** this year to congratulate. We would appreciate it if you could help us by signing up to donate any of the items.

*We are asking that all donations are received by **May 5th**, so that we have time to put the bags together. From now until May 5th, please drop off the items at the IRC labeled with CSI and your name.*

***Please be aware of the amount of the product requested. For example, if you sign up for a slot under laundry detergent, you are committing to bringing in 8 small laundry detergents.*

*If you change the quantity to two, on the sign-up genius, you are signing up for TWO slots and are signing up to bring 16 individual laundry detergents. ****

Thank you for your support!

Dual Enrollment Family Information Night

High School students can earn college credit toward an associate degree at Macomb while still attending high school. Students and families are welcome to learn more at this event. Pre-registration is encouraged but not required. Questions? Contact Jim Lundie at lundiej659@macomb.edu

Wednesday, Mar 25 6:30-8:00 pm

MCC Center Campus, Clinton Twp.

Joy of Coding via University of Michigan-AA

College-Level Courses on Coding, AI & Data Science | Summer 2026

Make coding fun!

Created for high schoolers

Our courses were created with high schoolers in mind. **No prior coding experience required!** All courses are online and self-paced, so you can fit them into your schedule.

Bolster your college apps

Upon completion of the course, students receive a **certificate of accomplishment** from University of Michigan ECE to include in college applications.

Have fun while learning

Students use Python to learn how coding powers Snapchat, TikTok, Instagram, and Siri... and even **learn how to code their own Snapchat lenses!**

Students should...

- love math and logic underlying math problems
- love solving problems creatively
- be receptive to coaching and reaching out for help when stuck
- be able to laugh off mistakes during the learning process

Basic Requirements

- Age 13+
- Have taken and enjoyed Algebra
- Understand the concept of variables and functions
- Understand basic manipulations of functions and variables
- Know how to compute $f(0)$ and $f(1)$ when, for example, $f(x) = \sin(x)$

\$149 plus tax | Need-based financial aid available

Join the community of 5,000+ students from 50 states and 25+ countries who have taken and enjoyed our courses.

The Joyce Ivy Foundation presents

COLLEGE ADMISSIONS SYMPOSIUM (JCAS)

Students of all genders, families, and educators are invited to join us for a day of specialized workshops on navigating the college admissions process. The day will also include a mini college fair.

Saturday
May 16, 2026
9:00 am - 3:30 pm

Troy Community Center
3179 Livernois Rd
Troy, MI 48083

Topics include:

- writing an effective essay
- how to navigate the financial aid and scholarship process
- choosing the right college for you
- case-study workshop led by admissions officers where YOU will observe how your college application is actually read by universities.

During the workshops and college fair, you'll have the opportunity to meet representatives from top institutions, including:

- Amherst College
- University of Pennsylvania
- University of Chicago
- Duke University
- Jack Kent Cooke Foundation
- University of Michigan
- Wellesley College
- ROOT College Advising and more!

Questions? please email us at
info@joyceivyfoundation.org
