

South Arrival/Dismissal Procedures 2019-2020

Morning Arrival 8:30 am

- 1) Students may arrive on the playground starting at 8:30 am (no supervision is provided until 8:30 am)
- 2) Students purchasing/participating in the breakfast program will be directed to the cafeteria starting at 8:30 am.
- 3) Those arriving via bus or walkers should report directly to the playground.
- 4) Bike riders should securely lock bikes on the front rack and report to the playground.
- 5) Parents who are dropping off students should pull up to the front sidewalk and remain in their cars while students exit on the school side and head toward the playground. Parents need to continue to pull all the way forward to keep the traffic flow moving.
- 6) As faculty, though we work to learn all parents and guardians, it is difficult to know all adults associated with South students. Due to this, we ask that all adults who are not faculty, remain off of the playground area. This enables us to promote a safe environment for our students.
- 7) During inclement weather, students should enter the building through the front or side bus entrances and report to the designated indoor waiting area.

Afternoon Dismissal 3:30 pm

- 1) Bus riders will proceed to the assigned bus lines on the playground or designated indoor areas during inclement weather.
- 2) 1st-5th graders who are walkers will be released out of the main entrance doors.
- 3) **Kindergarten doors will be used to dismiss Kindergarten walkers only.**
- 4) 1st-5th grade students who are car riders will be released out of the east entrance (parking lot side) doors and will proceed to their car as parents arrive. Kindy car riders will go out the front doors and be taken to cars. We ask that parents remain in their vehicles and continue to pull forward to keep the flow of traffic moving.
- 5) **Vehicles in line to pick up children are allowed to wait...**
 - on the Dole Mansion side of Highland Avenue to make a left onto Golf Rd. to allow access to the front drive for student pick up.
 - on the south side of Golf Rd. between Highland Ave. and Edgebrook Dr. to allow access for student pick up. DO NOT block driveways if utilizing this waiting area.
 - on the front-drive along the school side, but **MUST** remain in your vehicle.

Important to Note...

- Students traveling off of school property during arrival and dismissal times should utilize crosswalks and crossing guards.
 - To continue to keep students safe....parents may NOT stop or park their car on the residential side, across from South School main entrance, to pick up children. Students will remain on school property to wait for parents to enter the pick-up line.
 - Please remain aware that blocking fire hydrants, driveways, or handicapped parking spots is a ticketable offense.
 - Follow all traffic/sign information to avoid a ticket.
 - Visitors may park in any of the spots located in the parking lot, including the 10 min. spots for quick trips at the building. From 9:05-3:00 pm, you may park along the front sidewalk as long as the fire hydrants remain unblocked.
- *Cell phone use is prohibited in school zones, even when sitting in a parked position.***
