

# OB WEEKLY NEWS

## Morning Drop Off

Wow, can you believe that we are four weeks into the school year? Now that we are in the groove, it would be super helpful to have students enter the building independently as much as possible. If you need to come in with your child, please sign in at the office. We appreciate your support!

## Notes from the Nurse

Fall is almost here, and that means lots of colds and flus. You know that hand washing is important, but have you ever thought about another source of germs at school: your child's lunch box and back pack? Most are tossed on floors, and then placed on surfaces that need to be clean, such as the lunch table or a desk. It is recommended that you wash your child's lunch box and book bag weekly. Most can be tossed in the washer and dryer (but check the label to make sure!). Non porous lunch boxes can be wiped with a disinfecting wipe. Check out this article from Web MD for more information: <https://www.webmd.com/parenting/features/germs-in-backpack-lunchbox#1>

Also, please pack an extra complete set of clothing for your child to keep in their back pack. We go outside every day (weather permitting), and kids often get wet or muddy. I do have a limited supply of extra clothes in the clinic for emergencies, but kids usually prefer their own.

Thank you!
