It's important to talk with your child about sexual abuse but maybe you are not sure what to say or when to say it.

Join the Safe Touches Parent Meeting event to learn ways to approach vital safety conversations so we can empower your child to report and refuse sexual abuse.

Meeting participants will also have the opportunity to preview the Safe Touches student lesson being taught in your child's class this year.

Event is scheduled for **Tuesday, January 10, 2023 at 6:00pm**. Any questions please contact your school counselor or send a message to the program coordinator, Jessica Carson at Jessica-Carson@vscmontcopa.org

Interpreter services available upon request.
