

## Office of the Superintendent

---

January 13, 2021

Dear PVSD Staff and Community,

We are sending the weekly update early in order to provide our staff and families timely information regarding the status of distance learning.. Last night, we received the newest set of COVID-19 infection rate [data by zip code](#). The data shows we have met our PVSD [metrics](#) to move into distance learning for a longer term. PVSD schools will remain in distance learning until our community meets the PVSD [reopening metrics](#). Campus principals will communicate campus specific information such as the dates and times of any needed materials distribution.

Student supervision and Child Care will continue to be offered. For more information on student supervision, please reach out to your school office. PVSD Child Care operates from 7am-8am and 10:30am-6pm, Monday – Friday on all elementary school campuses. Please visit [www.pvsdchildcare.org](http://www.pvsdchildcare.org) for more information including registration. More information on any in-person instruction for small cohorts for our students with special needs and English learners is forthcoming.

While I know most of our community will not be surprised due to our local infection rate being high, it is disappointing. I am thankful for your patience, comments, ideas, and support as we work through these circumstances together. Please continue to check our [District Website](#) and the [Pleasant Valley School District Coronavirus Page](#) for the latest information.

We are grateful for our students, faculty, staff, and community and how well we have come together during this difficult time.

Respectfully,

Angelica M. Ramsey, Ed.D.  
Superintendent of Schools

**Pleasant Valley School District**

600 Temple Avenue • Camarillo, CA 93010 • (805) 389-2100 (Office) • [www.pleasantvalleysd.org](http://www.pleasantvalleysd.org)
