Ross Kasun, Ed.D.  
Superintendent

January 7, 2022

Dear Parents/Guardians,

The New Jersey Department of Health updated the Guidance for K-12 Schools on December 15th, 2021. Please note that as of today, January 7, 2022, the guidelines below are what the district will be following:

## **If your child is considered a close contact to a COVID-19 positive individual:**

- **7-Day quarantine with testing**  
Unvaccinated persons can end quarantine after Day 7 after receiving a negative COVID-19 test result collected between Day 5 and Day 7. Quarantine cannot be discontinued earlier than after Day 7.
- **10-Day quarantine without testing**  
Unvaccinated persons can end quarantine after Day 10 if they haven't been tested for COVID-19.
- **Fully vaccinated individuals** do NOT need to quarantine after contact with someone who had COVID-19 unless they have symptoms. However, they should get tested 5-7 days after their exposure, wear a mask indoors in public for 14 days following exposure or until their test result is negative, and get tested and isolate immediately if experiencing COVID-19 symptoms. An individual is considered fully vaccinated 2 weeks after their 2nd dose of Pfizer or Moderna vaccine.
- **Individuals who tested positive for COVID-19** with a laboratory-confirmed viral test within the previous 90 days and have subsequently recovered and remain asymptomatic do NOT need to quarantine. However, they should wear a mask indoors and self-monitor for COVID-19 symptoms, isolate immediately if symptoms develop, and consult with a healthcare professional for testing recommendations.

## **If your child tests positive for COVID-19:**

- **Isolate at home for 10 Days regardless of vaccination status or whether symptomatic or asymptomatic** (Until the NJ Department of Health revises their guidelines for K-12 schools to reflect CDC guidelines, we will continue to require a 10 day isolation period at home for all LTPS students & staff.)
- Your child does not need a negative test to return to school after their 10 day isolation period. However, they do need to be improving in symptoms and fever-free for 24 hours without using medication.

**COVID-19 Testing:** *Reminder that the LTPS district will only accept COVID-19 test Rapid (Antigen) or PCR results from a facility/laboratory, home tests are not accepted.*

**\* Please notify your School Nurse if your child is a close contact of a confirmed COVID-19 positive individual, has tested positive for COVID-19, or is experiencing COVID-19- like symptoms.**

## **COVID-19 symptoms:**

- **At least two of the following symptoms:** fever (measure or subjective), chills, rigors (shivers), myalgia (muscle aches), headache, sore throat, nausea or vomiting, diarrhea, fatigue, congestion or runny nose; **OR**
- **At least one of the following symptoms:** cough, shortness of breath, difficulty breathing, loss of taste or smell.
