# Understanding the School Day.

## Remote Synchronous Instruction

**Remote Synchronous Instruction** is two-way, real-time/live, virtual instruction between teachers and students when students are not on campus.

**Synchronous Instruction will include:**

- Explicit teaching & modeling of concepts
- Collaborative activities
- Formative Assessment & Progress Monitoring
- Conferring with students and small group instruction

## Remote Asynchronous Instruction

**Remote Asynchronous Instruction** is instruction that does not require having the instructors and students engaged at the same time.

**Asynchronous Instruction will include:**

- Student practice and creation of content
- Student collaboration & feedback with peers using digital tools
- Opportunities for students to demonstrate understanding
- Student self-assessment and goal setting

**ATTENDANCE WILL BE TAKEN DAILY!**
