

E-Learning/Remote Learning Information for April 20th—30th

Thank you for your unwavering support of your child's education. We appreciate the time and effort you've given to help keep your child academically engaged during the school closure, which has been extended to April 30, 2020. We remain committed to providing learning experiences to students during the school closure.

Here is the schedule for e-learning/remote learning through April 30:

Today through April 9: Students should continue working on the learning packets they received last week. Teachers are available to parents and students during designated office hours (9:00 - 10:30 AM and 2:30 - 4:00 PM).

April 10-17: Spring Break for students

April 20-30: Students participate in e-learning/remote learning.

Kindergarten and 1st Grade

Teachers will prepare learning packets to be completed April 20-30. The learning packets will contain a lot less pages than the first packet. Learning packets will be available beginning Wednesday, April 1. Your child's teacher will email the packet to you, and it will also be accessible on the school's website. However, if you do not have access to a printer and need to pick-up a hardcopy packet from the school, please follow the schedule and procedures below.

2nd through 5th Grade

Teachers will prepare e-learning experiences to be completed April 20-30. You will receive an email from your child's teacher containing directions for e-learning.

If your child has access to a device at home that has Internet capability (e.g., desktop, laptop, Chromebook), you do not have to pick up a Chromebook. However, if we would like to encourage everyone to pick up a Chromebook since we feel that students are comfortable on them and you would not have to worry about splitting computer time within your family. Certainly, if your child **does NOT have access to a device** at home that has Internet capability, please borrow a Chromebook from the school.

To help us adequately prepare the number of Chromebooks for pick-up, please click [HERE](#) to let us know whether or not you plan to borrow a Chromebook from the school.
